ACHIEVING LEED ON THE WESTERN SKYLINE

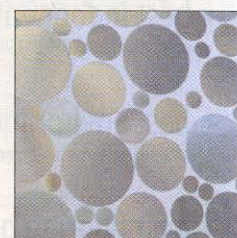

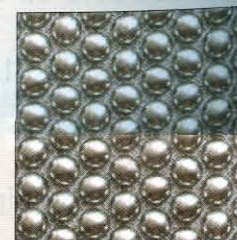

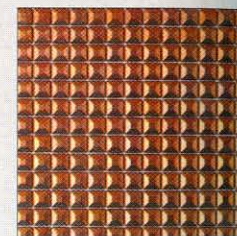

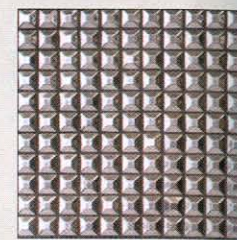

LAURANCE S. ROCKEFELLER PRESERVE INTERPRETIVE CENTER: Set in the shadows of the Teton ridge, a subtle and elegant structure perpetuates a legacy of environmental stewardship, conservation and nature's restorative power. [PAGE 96]

Decorative Metal

MAGMA

Môz Laminate Metals are applied as decorative elements and are offered in 0.040-gauge aluminum in standard sheet sizes: 4 ft. x 8 ft. and 4 ft. x 10 ft. The latest collection includes neutral browns called Middle Earth. The company's Classic Series showcases a rich palette of 25 colors and 14 hand-etched patterns. The Blendz Collection features an innovative surface treatment with blended transitional colors. All Môz metal surfacing is fabricated from 80% post-industrial recycled aluminum and contributes to LEED 2.0 MR Credit 4-Recycled Content. Visit www.mozdesigns.com or Circle 377

THE KING OF TANGO

The sensual music of Latin America has danced its way to becoming representative of a new fixture from **Corbett Lighting** that combines glamour, high style and timeless design with energy efficiency. The Tango fixture features a precision-cut textured bronze finish that allows light from an LED source to filter out of the fixtures' organic apertures. The contemporary fixture also has a dramatic look and would complement many interior contract environments from modern to eclectic. Visit www.corbettlighting.com or Circle 376

SEEDY TEXTURE

The great metal smith Heinz Pflieger designed The Pomegranate 4½-in. round knob from **Du Verre Hardware**. Inspired by nature, the detailed and beautifully textured design makes Pomegranate a simple, elegant collection that will suit fine cabinets and furniture. The Pomegranate collection includes round and square knobs from ¾-in. to 4½-in. It pulls from 3 in. to 9 in. and is made from environmentally friendly recycled aluminum. It's shown here in Oil Rubbed Bronze, but it's also available in Satin Nickel. Visit www.duverre.com or Circle 375

3-D DELIGHT

A stylized collection of metal elements from **Architectural Systems** comes in four groups, including mesh-backed tiles. In concert with geometric and curvilinear forms, finishes from the Dimensional Metallics collection offers innovative ways to create a modern feel. Visit www.archsystems.com or Circle 374
