CIRCLE 100

Addison 5

This 58"-long freestanding tub not only fits into a standard 60" space but also has a smaller exterior footprint than cast iron and acrylic options. Made of Engineered Solid Stone, a proprietary mixture of ground minerals and high-performance resins, the Addison 5 has a flat tub rim and integrated slotted overflow requiring only one drain installation. It can be ordered as a soaking tub or custom fitted with a therapeutic air bath.

Plex Lounge Seating

A rectangular seat serves as the foundation of this modular system, which includes club and armless chairs, sofa elements, an ottoman, and two tables. The seating, which features molded foam backs with steel inserts, may be specified in any Herman Miller upholstery. A choice of legs, casters, and swivel bases provides further customization options.

Be Our Guest

The latest crop of contract textiles, lighting, and furnishings welcomes you with color and texture.

By Julie Taraska

Power Pedestal

This NEMA 3R-rated outdoor charging station comes with up to three gangs to power multiple devices, with prewired options including weather-resistant GFCI and four-port USB outlets. An optional kit allows the 34"-high pedestal unit to accommodate A/V and communications devices. Up to two shelves and a lockable door also may be added.

Wild Thing

Riffing off the Indochine-style wallpapers popular in the 1940s, this nonrepeating wall mural by interior designer Ghislaine Viñas features photorealistic images of tropical plants digitally printed with Greenguard-certified latex inks. Wild Thing is offered in four standard colorways, as well as in custom hues and Type II commercial options. All versions are Class A fire-rated and PVC-free.
