What's New, What's Next

With a keen eye on design—and a little help from this year's Kitchen/Bath Industry Show (K/BIS)—*AH&L* picks the best of the newest in bath and kitchen conveniences and décor

↑ Rose, the latest design from **ANN SACKS'** Beau Monde stone mosaics, brings femininity to the bathroom with elegant pink and white florals. The Paccha collection of encaustic tiles are made by hand in Marrakech using true pigments for a natural result and beautiful color effects. Available through *Ann Sacks Tile & Stone Inc., ADAC, (404) 264-0255; annsacks.com.*

← Part of **GAGGENAU's** new premium line, the modular column RW 464 wine storage unit refrigerates reds and whites in separate zones, while illumination leaves the spotlight on your most prized bottles, even when the door is closed. We love a pair of them side-by-side, but there's room to store more than 100 bottles in one unit alone. Available through *Luxury Kitchens & Baths; (678) 352-8585, lkbausa.com.*

← **MTI's** freestanding Elise Onyx tub is more than a fixture; it's a bonafide art object—and a great way to bring drama to the bathroom. This sleek black is the newest in MTI's lineup, but the original white was the star of the 2008 Decorators' Show House & Gardens' master bath. Available through *Southern Bath & Kitchen, (770) 929-0449; southernpipe.com.*

↑ European premium appliance king **ELECTROLUX's** dual induction and convection cooktop is designed to make the transition to induction cooking easy and fuss-free. The induction burners can boil water in less than 90 seconds, so push your dinner party back and enjoy that extra time for drinks! Available through *Builder Specialties, (678) 797-4900; builderspecialties.net.*
