2. Vox Vessels Lavatory (Kohler) Achieve a contemporary look with the simple style of Kohler's Vox line of white vessel sinks, complemented here with a Stance single-control lavatory faucet finished in polished chrome. *B.A. Robinson Lighting & Bath*

3. The Ove Collection (WETSTYLE) This elegant undermount sink is manufactured using an eco-friendly natural stone composite. *Cantu Bathrooms & Hardware*

4. Wave Pedestal Sink (Stone Forest) Stone Forest focuses on producing designs made from natural materials. This pedestal sink is available in Carrara marble, honed basalt and Papiro cream marble. *Victoria Speciality Hardware*

6. Edge (Victoria & Albert) Classic shapes merge with modern design to create this tub with softly contoured corners. Designed to maximize available space the freestanding tub has a generous depth and is 58-7/8" long by 31-5/8" wide. *B.A. Robinson Lighting & Bath*

7. Dali (Acri-tec) The Dali is another example of a freestanding tub that will attract plenty of attention. This acrylic bath can hold about 60 gallons of water. *The Ensuite Bath & Kitchen Showroom*

8. Essencia (Bain Ultra) Designed with small spaces in mind the Essencia Rectangular (68" x 38" x 26") makes a big impact in rooms as small as 90 square feet. The freestanding tub works well situated next to a wall or window to maximize the available space. *Wolseley Kitchen & Bath Classics*
