## Lenova Introduces the TKO Touch Faucet

At 2018 KBIS, Lenova introduced the TKO Touch faucet. Constructed from high-quality, no-lead brass and coated with a PVD finish, this faucet is exceptionally beautiful with a sleek sophisticated design. Powered by four standard AA batteries, the TKO Touch faucet features an automatic shot-off and integrated sensors to indicate water temperature that is safe and comfortable. The TKO is available in brushed nickel or polished chrome and includes a pull-down adjustable sprayer and single-lever handle.

## Belwith Keeler Reintroduces Vale

Belwith Keeler reintroduced Vale, a 60-year-old design in honor of the company's 125th anniversary. Vale first appeared in the 1963 Modern Hardware catalog. It features an exaggerated concave shape with a gentle slope that gives a nod to mid-modern styling and connotes timeless elegance.
