Versatile furniture collection

Suited for modern or traditional interiors, the 20-piece Collaborate furniture collection features crisp, clean lines. The crossover chair can be specified for corporate, hospitality, residential, institutional, or healthcare projects. The series includes a pull-up and lounge chair with coordinating tables available as oval, round, or square. The chairs have three base options: four legs, four star, or a disc. All seating features a 180-degree, self-returning swivel. Tables have two base options. Tabletops are available in marble, wood, or laminate. The company expects the collection to be certified by Level II and Greenguard.

Modern bath furniture

The Casanova, part of the Vanity Flair line of vanities and cabinets, features recessed hardware, an aluminum base, and a travertine top with an integrated sink. The unit is customized with a linen hamper, hair dryer/curling iron holder, and an internal power option. The drawer system is a combination of stainless steel, rift-cut oak, and frosted glass. It is available in 30 finishes in standard sizes from 24 to 72 inches, with custom sizes available. The optional semi-recessed, lift-up medicine cabinet provides 12 inches of storage but only protrudes 8 1/2 inches. Internal lights turn on automatically, while the external lighting has three different power settings.

Wood-look porcelain tile

Traverwood porcelain tile has the look of natural wood flooring with the durability and ease-of-maintenance of tile. The look is a hybrid cross between

natural travertine and wood. The textured surface can be combined with different shades for a unique installation. The line includes bullnose trim pieces and a decorative mosaic blend for inspired creations. The tile is available in various sizes and three colors—walnut, oak, and almond.
