5. BATHTUB

Victoria + Albert's debut line of built-in tubs is made from the company's Englishcast limestone, which binds milled limestone with resins, and is hand-finished to a glossy shine. Both the Gordano 6032 and Rossendale 6636 have 32-degree angles of recline and integrated armrests. The Gordano measures 60 by 32 inches and has a 68-gallon capacity, while the slightly larger Rossendale is 66 by 36 inches and has a capacity of about 88 gallons. Both models have four adjustable feet for leveling and can be installed as a drop-in or an under-mount. **vandabaths.com circle No. 854**

6. WASHER AND DRYER

Consumers can get two loads of laundry done simultaneously using Samsung's FlexWash + FlexDry laundry system. The FlexWash unit has a front loader with 5 cubic feet of space and a 1-cubic-foot top loader to handle smaller loads. Both washers can be used at the same time and on different settings. The same is true for both sections of the dryer. Along with a larger front-load compartment, the top of the dryer has a Delicate Rack zone for gentle drying with controlled airflow between room temperature and 95° F. The FlexWash doesn't require two separate water lines, and both washer and dryer can be controlled by smartphone via the Samsung Smart Home app. samsung.com/us circle No. 855

7. BATHROOM FAN

Delta Breez has added eight models to its BreezSignature series of bathroom fans. The new products, all of which are rated Energy Star Most Efficient 2017, offer a choice of 80 cfm or 110 cfm and have built-in controls for low-speed continuous operation at 0, 30, 50, or 60 cfm, with preset positions from 30 seconds to 60 minutes. The fans have a built-in dimmable LED light and a motion sensor that can turn on the light, fan, or both. Options include single- or dual-speed fans, and the new models come with a 6-inch metal duct. **deltabreez.com circle No. 856**

8. WINDOWS AND DOORS

Pella has launched its Architect Series Collection of premium wood windows and patio doors. In the Architect Series Reserve, doors and windows feature design elements from historical homes, such as putty glaze profile grilles, thick sash and grille profiles, and archival butt joinery. Items in the Architect Series Contemporary line are sleek and simple, with features such as black interior staining, a 27-color palette, custom-designed modern hardware, and square grille profiles for geometrical patterns and shapes. Both lines are available in casement or awning windows and hinged patio doors. Reserve also has hung windows, and Contemporary has direct-set windows. pella.com circle No. 857
