2. STEALTH SINK

Blanco's Crystalline sink incorporates opaque safety glass that functions as a cutting board, adding valuable work space while hiding the sink from view. Crafted with the company's MicroEdge technology, the sink drops into the counter with a flush edge, creating a seamless look. Blanco. 888.668.6201. www.blancoamerica.com.

3. PLUSH PATINA

The stand-alone, eco-friendly Shelburne soaking tub is made from 90 percent to 95 percent recycled, durable copper sheet metal. It's striking, yet its subtle lines mesh with myriad styles. The tub measures 36 inches by 72 inches by 24 inches. Diamond Spas. 800.951.7727. www.diamondspas.com.

4. ISLAND LIVING

The b2 kitchen workbench is a freestanding, multifunctional modern island that includes areas for prepping, cooking, and eating. In addition to housing a sink and cooktop, the storage cabinets and utensil drawers—inspired by a traditional workman's tool cabinet—are cleanly designed for easy accessibility. Bulthaup Corp. 973.226.5390. www.bulthaup.com.

5. GLOBAL WARMING

The Tango pendant achieves dramatic effect through a pair of contrasting finishes. The laser-cut seamless metal sphere has a textured bronze

exterior and a silver leaf finish interior. Glow from within is created by the high-performance LED bulbs, which last longer and use less energy than incandescent and CLF lamps. Corbett Lighting. 626.336.4511. www.corbettlighting.com.

6. DISAPPEARING ACT

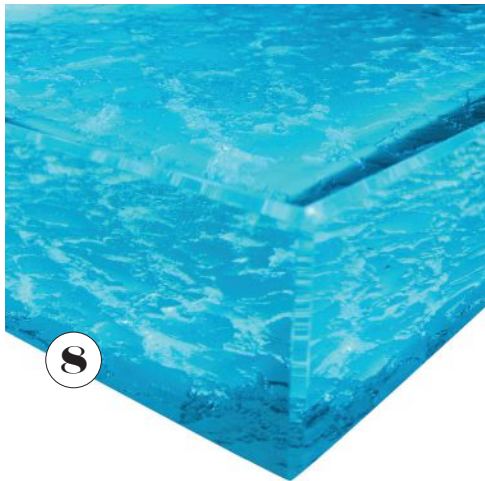

StyleDrain Tile is a decorative shower drain that allows for the inlay of tile or stone over the drain to match surrounding flooring, creating the illusion of water disappearing into the floor. The drain's all-brass frame is available in polished chrome, polished brass, polished nickel, stainless satin nickel, and blackened finishes. Adaptable to most mainstream drain bodies, the product drains up

to 10 gallons of water per minute. California Faucets. 800.822.8855. www.californiafaucets.com.

7. VINTAGE VANITY

The Wide Blues Console gets its vintage vibe from curving metal grillwork and circular-pyramid section legs. Rounded edges continue in the white ceramic mono-block vanity top that houses two integrated oval washbasins. The metalwork comes in polished nickel, chrome, and light gold finishes. Devon & Devon. 718.649.5882. www.devon-devon.com.

8. COUNTER APPEAL

ThinkGlass amps up the durable glass countertop, raised bar, or island with LED lighting. Color options can be set to softly glow or brighten dramatically. For the ultimate party touch, a remote-controlled RGB device can add multiple colors and special effects, such as chasing or fading. ThinkGlass. 877.410.4527. www.thinkglass.com.

9. TOP CELLAR

Handcrafted in the U.S., the True Professional 15 Series 15-inch wide wine cabinet stashes nearly two cases of wine. Three door choices are offered: stainless glass, overlay glass and overlay panel. TriLumina push-button LED lighting illuminates bottles in white, amber or blue. Other features include

digital temperature control, five glide-out racks, zero-clearance hinges, and UL outdoor use rating. True Professional Series. 888-616-8783. www.true-residential.com.

10. TEAK CHIC

AnTeak tiles and mosaics are made with FSC-certified, antique reclaimed teak wood. Suitable for walls in kitchens and baths, the line includes chevron and herringbone patterns, hexagon and round shapes, and barrel and Amsterdam mosaics. The tiles come in nine sizes and combinations such as oolong blend (shown) and java blend. Walker Zanger. 510.491.2300. www.walkerzanger.com.

11. SUN SIGN

The REFLEX Aztec vessel sink, perfect for a powder room, measures 16.5 inches in diameter and 5.5 inches deep. Gold, copper, and coffee hued foils in an Aztec Indian-style pattern inspired by ancient Cholula pottery are bonded to the underside of the tempered REFLEX Architectural Glass. The tempered glass is stain resistant and durable. Xylem. 866.395.8112. www.xylem.biz.

12. HIGH-TECH HOPPER

The SensoWash C toilet designed by Philippe Starck includes concealed water and electrical fittings in keeping with the designer's contemporary aesthetic. SensoWash C features individual temperature control of water, air, and seat; a wireless remote control;

a child safety function; wash options for men and women; a power-saving mode; and an LED nightlight. Duravit. 888.387.2848. www.duravit.us.

13. GET A GRIP

The design concept of the Sydney Harbour Series draws inspiration from the arched bridge overlooking the harbor of one of Australia's best-known cities. The hardware is available in brushed satin nickel, polished chrome, polished nickel, pewter antique, and umbrio finishes. Top Knobs. 800.499.9095. www.topknobs.com.

Products

14. UNDER THE VOLCANO
Pyrolave's custom sinks are made with lava stone extracted from volcanic craters in France's Auvergne region. The hard, dense stone can be shaped into nearly any configuration without seams or joints. Coated with durable enamel in one of 16 matte or 16 glossy colors, the finish delicately crazes during cooling for a one-of-a-kind result. Pyrolave. U.S.A. 919.788.8953. www.pyrolave.com.

15. COLOR CODED
Designed by Davide Oppizzi of DCUBE, Ametis offers high-tech functionality within its striking curves. A built-in electronic system changes a colored ring at its handle base, depending on the water temperature. Finishes include

powder-coated matte black, chrome, or white. Graff. 800.954.4723. www.graff-faucets.com.

16. SPITTING IMAGE
Spit cooking goes all the way back to medieval times, but La Cornue's Flamberge Centenaire rotisserie oven replicates the method in a way that's both faithful to tradition and up to code, with a cast-iron oven chamber, gas burners, and a porcelain drip tray. Because the oven is built-in, no additional ventilation is needed. Thirty colors are available for the body, with nine options in metal trims. La Cornue USA. 800.457.1356. www.lacornueusa.com.

17. SLEEK SOAKER
The Palomba Collection, designed by Ludovica and Roberto Palomba, includes the freestanding solid-surface bathtub. Measuring 72.3 inches long, 37.82 inches wide, and 35.46 inches tall, its sensuous, organic shape reflects the Palomba design philosophy of creating a "fingerprint of nature." Laufen. 866.696.2493. www.us.laufen.com.

18. FLOOR TO CEILING
Poggenpohl's +Artesio, designed in collaboration with architect and designer Hadi Teherani, integrates walls, floor and ceiling into a cohesive unit that reflects the Bauhaus philosophy of form following function. The base of the kitchen is a design grid that brings together the wall panel and base unit in a horizontally

linear arrangement. The arch houses systems for lighting, ventilation and sound. Poggenpohl. 973-812-8900. www.poggenpohl.com.

19. IN THE HOOD
The Monsoon DCBL is a one-piece vent liner infused with DCBL Suppression System Technology that ensures quiet operation and energy efficiency. Other features include an ADA compliant wireless remote control, five-speed electronic LCD controls, and the ability to duct horizontally or vertically. It fits specifications of other manufacturers, enabling installation in existing spaces. Zephyr. 888.880.8368. www.zephyronline.com.
