STYLISH FIXTURES THAT COMBINE FORM & FUNCTION

PATTERNED TO PERFECTION

Offered in a distinctive range of styles, Kohler's newest additions to the Artist Edition line combine decorative embellishments with a variety of installation options. Shown here, the Imperial Blue™ design on the Conical Bell® Vessels lavatory draws inspiration from Ming Dynasty porcelain in timeless blue and white. Other offerings include detailed floral patterns and prints created to turn ordinary sinks into striking focal points. • kohler.com, 800-4KOHLER

FLUSH WITH INNOVATION

While dual-flush toilets aren't new, American Standard's H2Option is. Billed as a "cleaner while going greener" design, its strong push-and-pull action thoroughly cleans with powerful efficiency. Operated by a two-button actuator atop the tank, its low water consumption offers savings with each use—whether you choose the single gallon or the standard 1.6-gallon flush.

SUITE SELECTIONS

Perfectly matched but definitely not mundane, Moen's Banbury® Bath Accessories beautifully combine classic styling and traditional design. Comprised of water-saving sink, shower and shower/tub faucets in chrome or brushed nickel finishes, the line's most recent additions include a tank lever, robe hook, pivoting paper holder, 18" and 24" towel bars, and a towel ring. Sold exclusively at The Home Depot.

RELAXING DEPTHS

With its Japanese-inspired contours, the Yume, MTI Whirlpools' latest freestanding tub, soothes the body and renews the spirit. Measuring 52" in diameter, the Yume can be outfitted as a soaker, air bath or both. Features include a crescent-shaped seating bench and a choice of MTI's unique air systems for either full-body massage or wave effects with a touch of an electronic keypad switch. • mtiwhirlpools.com, 800-783-8827
