3RD PLACE
SMALL BATH

“Mosaic Moment” — The myriad patterns and materials in this bathroom create visual excitement. The focal point is the wall, covered with multicolored mosaic tiles, and the stepped tile pattern on the shower wall continues the dynamic effect. Photo by Tom Redner.

PRODUCTS: Bathtub/Whirlpool: Bain Ultra; Countertops: Ceasarstone; Faucets/ Fittings: Brizo; Flooring: Porcelanosa; Lighting: Modern Organics; Shower Enclosure: Porcelanosa; Sinks; Kohler; Tile: Oceanside Muse (mirror frames); Wall: Porcelanosa; Ceiling: Teak.

Budget-Friendly Bath

Elizabeth Schultz

Co-Designer: John David Burkholder

ABK Today

Lancaster, Pa.

“Bang for the Buck” — The challenge: to renovate a small bath to make it more modern and spacious, all on a budget! A half wall between the shower and toilet, along with frameless glass doors and panels, makes the space feel more open, while maximizing the natural light. The original bath’s chrome cup/toothbrush holder, an oversized mercury glass pendant, as well as other cabinets, faucets and accessories were re-incorporated into the final layout. The shower area was completely waterproofed by using Schluter Shower components prior to the installation of tiles to the ceiling. An Amish-made custom vanity is one of the many special features of the bathroom that is both easy on the wallet and the eyes.

PRODUCTS: Vanity: Burkholder Custom; Medicine Cabinet: Kohler; Countertops: Granite; Faucets/Fittings: Delta; Flooring: Daltile; Sinks: Allora; Shower Walls and Floor: Emil America; Toilet: Kohler.

Green Design

Anastasia Rentzos, CKD, CBD

Andros Kitchen & Bath Designs

Mississauga, Ontario

“Respectfully Remodeled” — This beautifully renovated master bath not only exudes contemporary visual appeal, but also reveals in carefully planned green design. The Cambria “White Cliff” countertops, made of a recycled quartz material, define simplicity and pureness. The cabinets have a water base finish and are 100 percent VOC-free, and the low-flow shower head and rain head along with a low-flush toilet ensure maximum water efficiency. The walls are embellished with recycled tiles, eliminating the need to be painted, and LED lights illuminate the bath efficiently. This modern retreat offers elegance and efficiency at its very best.

PRODUCTS: Bathtub/Whirlpool; Maax: Cabinet/Vanity; Bamco: Countertops; Cambria: Faucets/Fittings; Riobel: Sinks; Duravit: Toilet; Toto: Wallcovering; Ikom Nero Tend. ●
