A photograph of a classic clawfoot bathtub in a modern bathroom. The tub is dark gray with ornate silver clawfeet and a matching silver faucet. It is positioned in front of a large window with a view of greenery. To the left, a white sink and a wooden chair with a white towel are visible. The overall aesthetic is clean and sophisticated.

Instead of the ubiquitous double sink, the homeowners have their own spaces on opposite sides of the master bathroom: Rachael's side features the RH Pivot Mirror and Schoolhouse Electric sconces. Above the custom-painted dark charcoal Victoria + Albert bathtub purchased from Chown Hardware, a brass Tom Dixon Etch pendant illuminates Carrera marble tile from Statements Tile. **BELOW:** A powder room introduces a hint of mystery with a midnight-blue Fornasetti Nuvolette wall covering, anchored by an elegant RH mirror and vanity and Thomas O'Brien Bryant sconces. ✱
