Dual winners reflect differing design philosophies

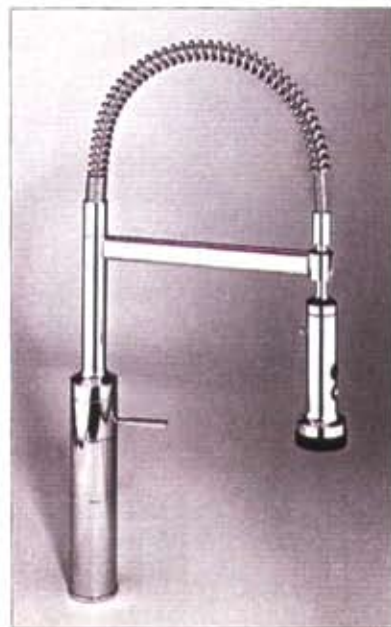

Working With Architects

The traditional relationship between remodeler and architect can be distrustful at times. But it doesn't have to be that way.

Faucets

Danze. The *Fairmont Collection* now includes more style options that feature timeless looks for traditional décor. Newly available are a single-handle centerset faucet, a single-handle vessel faucet, and a single- or two-handle wall-mount design. In addition to chrome, brushed nickel, and oil-rubbed bronze, the Fairmont Collection features an exclusive distressed nickel finish. 877.530.3344. www.danze.com. **Circle 104.**

Jado. Multitask easily with handle-located spray and water-flow controls on the *IQ Semi-Pro kitchen faucet*. The low-profile faucet features a 10⁷/₈-inch spout and convenient swing arm, and spring flexibility that reaches down 6 inches into the sink. Available in polished chrome or UltraSteel, the workhorse of a faucet features two spray functions: a wide spray or a more intense vegetable wash. 480.951.2675. www.jadousa.com. **Circle 105.**

Graff. Add a distinctively different faucet to your next modern bath design with the *Targa floor-mounted tub filler*. Constructed of solid brass with ceramic valves, the faucet features a lifetime warranty on mechanical elements. The Targa collection also includes a floor-mounted vessel filler, along with traditional lavatory and tub faucets. 800.954.4723. www.graff-faucets.com. **Circle 106.**

Delta. Casual kitchens have a new single-handle faucet option in the *Talbott faucet* design. Available in chrome or the maker's Brilliance Stainless finishes, the curved, elongated spout offers an aesthetic that fits with many kitchen styles. The faucet's recessed aerator is completely hidden from view, which adds to the overall clean appearance. Choose from five styles: one-hole, two-hole with side spray, three-hole with or without side spray, or four-hole with side spray. 800.345.3358. www.deltafaucet.com. **Circle 107.**
