**1** Spiros Soulis—architect, designer, and director of marble company **Iktinos Marmaron**—has developed Mikron, a distinctive collection of marble toothbrush holders that are available in three sizes. [IKTINOS-MARMARON.COM](http://IKTINOS-MARMARON.COM)

**2** **MTI Baths'** proprietary Engineered Solid Stone creates the Addison 5 freestanding tub's slim 1-inch thick walls, allowing for a generous interior with a smaller exterior footprint than other tubs. White or biscuit with a matte or gloss finish are available. [MTIBATHS.COM](http://MTIBATHS.COM)

**3** Designed by Enzo Berti, Pavè Stone for **Kreoo** is inspired by the smoothing effect of river water gliding over stones. The collection, which also includes a bench and table, boasts pebble-inspired seats in wood or cork and a marble base. [KREOO.COM](http://KREOO.COM)

**4** The clean and contemporary A45 stone washbasin by Victor Vasilev for **Boffi** is made with Carrara marble and is available in freestanding, top-mounted, or bracketed versions. [BOFFI.COM](http://BOFFI.COM)

**5** The Lavello vanity from **Victoria + Albert** comes in a two-legged unit or wall-hung version (pictured). The basin is made with the company's signature Englishcast in a glossy white finish, while the beech timber vanities are finished in waterproof lacquer paint in gloss black or anthracite. [VANDABATHS.COM](http://VANDABATHS.COM)

**6** Fluid lines evoke water flow in Vitae, a bath series created by the late Zaha Hadid for **Porcelanosa's** bathroom equipment manufacturer **Noken**. LED-lit mirrors are set above a towel rail and basins with overflow features, and the bathtub comes with a pop-up handshower. [PORCELANOSA.COM](http://PORCELANOSA.COM); [NOKEN.COM](http://NOKEN.COM)

**7** The sculptural 3D Wall Design is a ceramic surface cladding from **Atlas Concorde** that reveals the interplay between light and shadow. It is available in nine patterns and in matte and glossy finishes including white, sand, and night hues. [ATLASCONCORDE.COM](http://ATLASCONCORDE.COM)

**8** **Grohe's** F-Digital Deluxe is a multisensory shower system that allows the user to control light settings, steam, and music. Custom modules can be installed or added to an existing system. [GROHE.COM](http://GROHE.COM)
