Put the Pebble to the Metal

products trends mixed materials

THE FORMULA

FUNKY COLD PATINA + PEBBLE ALUMINUM

Fusion ARTWORK + SUBSTRATE

Pebble Aluminum is a unique, unbacked custom substrate with a smooth, pebble texture. Combined with our new Artful Metals, a collection of bright metal and patina-inspired designs, you can add depth and feel to the printed artwork.

Drummonds' iron cast Wandle bathtub from Martin Brudnizki features a snow white durable enamel surface for the rim and interior, and an exterior that can be painted, primed, or polished. The skirt echoes the bulbous bow of a ship, while feet resemble the iron beams of a Victorian pumping station. DRUMMONDS-UK.COM
