### Vessel Sink

**Victoria + Albert** has unveiled the new bath sink complement to their Cabrits tub, the Cabrits 55. The vessel basin features a curved design and can be installed as a stand-alone piece or side-by-side on a vanity. It is made from volcanic limestone mixed with resin. The vessel sink measures 4 in. tall x 21<sup>5</sup>/<sub>8</sub>-in. wide.

### Carpet

**Aqua Hospitality Carpets** has debuted its new collection of Indigenous Imprints by Virgil Ortiz. The line consists of 20 patterns in bold, contemporary and graphic images reinterpreted from Ortiz' pottery. The collection is made from Aqua's solution-dyed nylon Avalor SD, using Optifects tufting technology. Carpet colors can be customized on Aqua's iDesignCarpet.com.

### Furniture

**D'style** has debuted both the Contempo Nightstand and the Allison Bench (shown). The nightstand is made of walnut wood with a stainless-steel frame, topped with black granite. The Allison Bench comes in polished stainless steel with seamless joints inside and out.

### Lighting

**Nora Lighting** has introduced a collection of orange-themed pendants. Tasty is a hand-blown globe with white dots; Kainan is burnt orange with a curvy shape; Leilani is speckled and has a diffused glow; Nicolas has a triangular shape with multiple glass layers; Wind features striations of color; Petals has swirling orange patterns.

### Vinyl Flooring

**Johnsonite's** iQ vinyl flooring line features six sustainable flooring solutions: the iQ Optima Homogeneous Sheet and Tile; iQ Optima Acoustiflor Sheet; iQ Natural Homogenous Sheet (shown); iQ Granit Homogeneous Sheet and Tile; iQ Granit SD Static Dissipative Sheet and Tile; and iQ Toro SC Static Conductive Sheet and Tile. They are developed with a blend of raw materials and provide wear, abrasion and stain resistance. The products incorporate 25% recycled content, do not require waving, polishing or chemicals and are FloorScore certified.

### Textiles

**Wolf-Gordon** has four new additions to the Metropolitan Collection. The textiles are fit for both indoor and outdoor use. Rush Hour is a solid-colored weave available in 16 colorways; Wander is inspired by the medieval urban tissue of European cities and comes in 12 colorways; Highrise features a plaid pattern in 12 colorways; and Boutique is inspired by reptile skin, available in 12 shades. They are 100% recyclable and finished with GreenShield technology.
