# subtle curves BIG IMPACT.

THESE SOFT SILHOUETTE DESIGNS PROVE THAT BREATHTAKING BEAUTY IS ALL IN THE DETAILS.

1. The Tombolo by Victoria + Albert keeps bath essentials within arm's reach. With a built-in towel holder and not one but two wine glass notches, the contemporary bath rack is finished in either hardwearing light oak or walnut laminate. Designed to perfectly fit over the edge of the company's certain rimless baths.

## FITTINGS FIT FOR A KING

Bathroom fixture and sanitary ware never looked this good.

### 1. American Standard

The Champion Pro High Efficiency Toilet has a 2-.375 inch trapway and a 4-inch diameter flush valve to avoid clogging, even when using only 1.28 gallons of water per flush. The toilet includes a 15-inch standard height elongated bowl, and also comes in black.

## 2. Victoria + Albert

The Amalfi tub is crafted from a finely ground volcanic limestone mixed with resin, cast in one seamless piece. The construction is finished by hand on the inside to create a glossy white, solid surface. The tub measures just under 65 inches long and holds 63 gallons of water.

## 3. Porcelanosa

The Modul series of bath fixtures is constructed of Krypton stone, with supporting steel frames installed to support a rigid base. Vanity units come in wall-hung or floor-standing versions in a black or chrome finish. Wall-hung countertop vanities can include an optional towel rail, and a countertop bowl option is also available.

## 4. Duravit

The new Happy D.2 wall-hung toilet is a rimless washdown model. The design of the fixture curves toward the back, and is suitable for most common pre-wall carriers with horizontal support.

## 5. Altmans

The Aqueduct LED bathroom faucet generates its own power without the need for batteries or plugs, and provides a water temperature signal before users place their hands beneath the faucet. Water pressure powers an LED thermometer, which then illuminates different colors to signify water temperature.

## 6. Samuel Heath

The Xiara brassware shower kit comes with a showerhead and hand shower. The series is produced in England, and uses small, soft fittings with curvilinear lines and a plating process to shine its surface. The series is available in chrome and satin nickel finishes.
