1. Storage

Designed for a foyer, it would also look great in a bathroom holding extra towels, magazines, and bath products. Indochine Cane Hall Stand with Mirror, \$1,430. redeg.com.

2. Sconce

It's modern and monolithic at first glance. But flip the switch. The bulb casts a serene amber glow through the onyx shade. Micah Sconce, \$550. olystudio.com.

3. Washcloths

Super soft. Gentle enough for a baby, so imagine how good they'll feel against your face. Lightweight, extra-absorbent, and fast-drying, too. \$16 for two. shopterrain.com.

4. Massage Brush

A daily three-minute brush can revitalize your skin—those fine bronze filaments help stimulate circulation. Ionic Body Brush, \$45, by Redecker. The Gardener: 510-548-4545.

5. Bathtub

Made from a composite rich in volcanic limestone. It's warm to the touch even before you draw your bath. Toulouse Tub, \$5,000. vandabaths.com.
