**Neo-Metro** | Bob Concept

The Bob Concept by Neo-Metro, now available in customized LED patterns, is designed for maximum impact. Industry-grade recycled stainless steel supports a softly lit resin top, which can be custom-cut in any hue. In addition, the signature solid surface resin countertop is now cast using a more eco-responsible resin that contributes to LEED points. The versatile Bob Concept doubles as a basin and a luxurious source of light in restaurants, hotels and homes.
