Sleek and sophisticated, the Glamm shower panel from **Novellini** comes in two models—one with a footrest and the other without—and white, white oak and teak (shown) finishes. A multifunctional unit, it is equipped with an oversized rain showerhead, a handshower, adjustable vertical hydromassage jets and a thermostatic mixer. **Circle No. 225**

Part of **Abet Laminati's** Volume II series of 284 high-pressure laminates, the New Wood collection consists of 23 patterns available in natural and reconstituted wood. All are stain-, scratch- and dent-resistant, as well as low in VOC and Greenguard-certified. **Circle No. 226**

**Bellavita Tile** has introduced the Botswana series of slate and glass tile. Available in six colorways, including Makgadi White (shown), the line offers 1-in. x 1-in., 1-in. x 2-in. and 2-in. x 2-in. mosaics that come mounted on a 12-in. x 12-in. sheet. **Circle No. 227**

**Fagor America** has introduced a 24-in. combination washer-dryer with a 13-pound wash capacity, 16 programs and an LCD screen. The unit's dry cycle does not require ventilation, as the hot air produced is condensed into water, which is then drained into a separate compartment.

Other features include a built-in anti-crease reversing system and an Advanced Balance System that reduces noise level and vibrations.

**Circle No. 228**
