Solid Soft Tray is a flexible shower pan that looks like natural stone but has a warm and soft touch. Its non-slip surface is antibacterial, highly resistant to UV radiation, ultra light and easy to install. **Circle No. 206 or visit kbbonline.com/freeinfo**

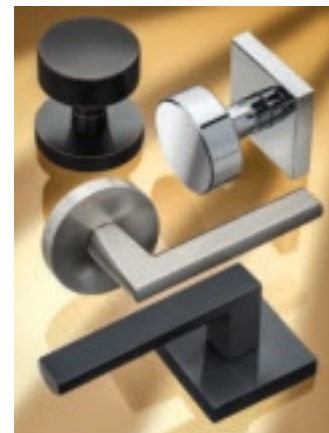

The Urban Square Collection from **Liberty Hardware** is made in zinc die-cast metal and includes pulls in such sizes as 96 mm, 128 mm, 160 mm and 288 mm. The platform design is offered in an heirloom silver finish, and the square pull design is finished in satin nickel. **Circle No. 207 or visit kbbonline.com/freeinfo**

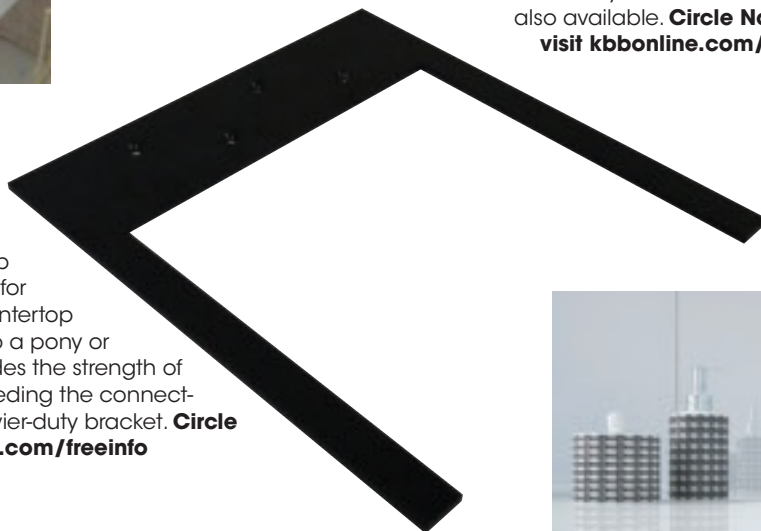

From **Macral Design**, the Oxirium Collection of vanities has soft-close features and an interior made of ash wood. There are more than 300 standard configurations and sizes, as well as 16 finishes available for the front drawers. **Circle No. 208 or visit kbbonline.com/freeinfo**

OMNIA's Prodigy line of door hardware has been expanded to include three new modern designs, including 10 knob and lever designs. Four coordinating auxiliary deadbolt designs are also available. **Circle No. 209 or visit kbbonline.com/freeinfo**

The Lincoln Top Plate Support is joining **Federal Brace's** Hidden Countertop Support Line as a method for achieving the floating countertop look. Designed to mount to a pony or half wall, the Lincoln provides the strength of a steel bracket without needing the connecting steel buttress of a heavier-duty bracket. **Circle No. 210 or visit kbbonline.com/freeinfo**

Designed by **Yuhuan AMG Valve Co., Ltd.**, the Sardinia series 25mm cartridge mixer has CUPC, ACS, Water Mark and WRAS certificates. The whole series includes more than 100 items. **Circle No. 211 or visit kbbonline.com/freeinfo**

The WallDrain from **QuickDrain USA** features a stainless steel body with the company's patented Sure Flow System, which leaves no standing water in the drain body. Three sizes are offered (48, 72 and 96 inches), and trough extensions are available to adjust the length for an exact fit. **Circle No. 212 or visit kbbonline.com/freeinfo**

What's Hot in *Kitchen Sinks & Faucets and Bath Ventilation and Accessories*

Broan-NuTone has created a Premium Humidity Sensing Control, which uses technology to react quickly to shower humidity before condensation forms. A sensitivity adjustment feature can also be set to more or less responsive to humidity, allowing the fan to work when required regardless of climate or seasonal changes.

To help eliminate clutter in the bath, the Alchemi series from **Dezi Home** features a multifunction rail in a simple oval. Horizontally, it is an organizer for holding necessities, while vertically it is a rack for rolled guest towels. **Circle No. 227 or visit kbbonline.com/freeinfo**

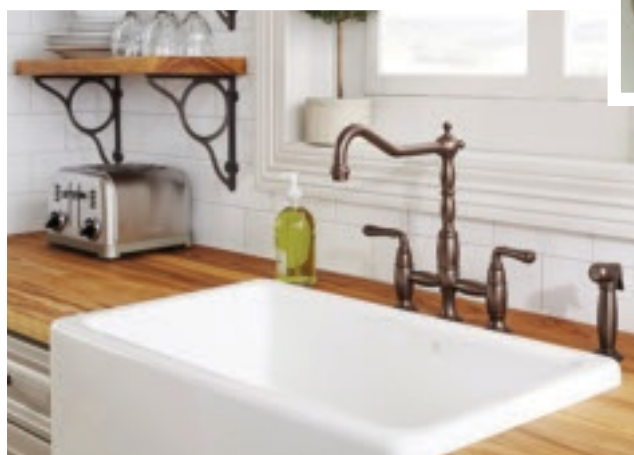

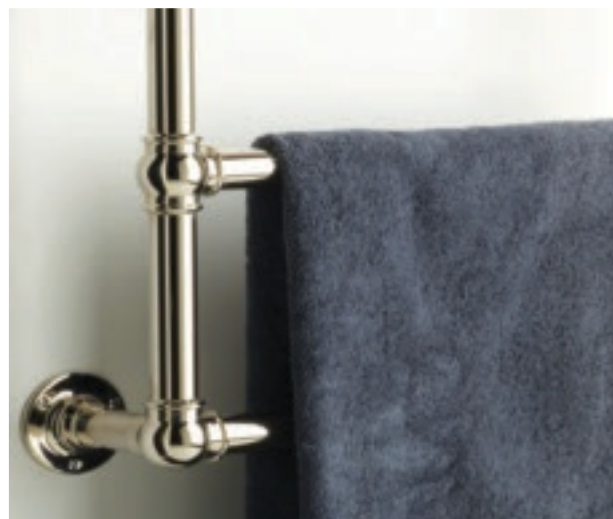

The Lucca sink from **Thompson Traders** has an apron-front design complemented by a hand-hammered nickel, 14-gauge finish. Available in two sizes, the sink's MSRP is listed at \$1,331. **Circle No. 226 or visit kbbonline.com/freeinfo**

From **Fantech**, the PB110L7 Premium Bath Fan comes with a dimmable 7W LED light and uses a 4-in. duct. The fan is also Energy Star qualified and UL listed for wet locations. **Circle No. 228** or visit kbbonline.com/freeinfo

Available in five collections, the **Sterlingham** towel warmers range in style from emblematic English Edwardian to eclectic Art Deco and modern traditional. All come with dry-line cables safely hidden behind wallboards or floor flanges, with controls linked to the electrical systems. **Circle No. 229** or visit kbbonline.com/freeinfo

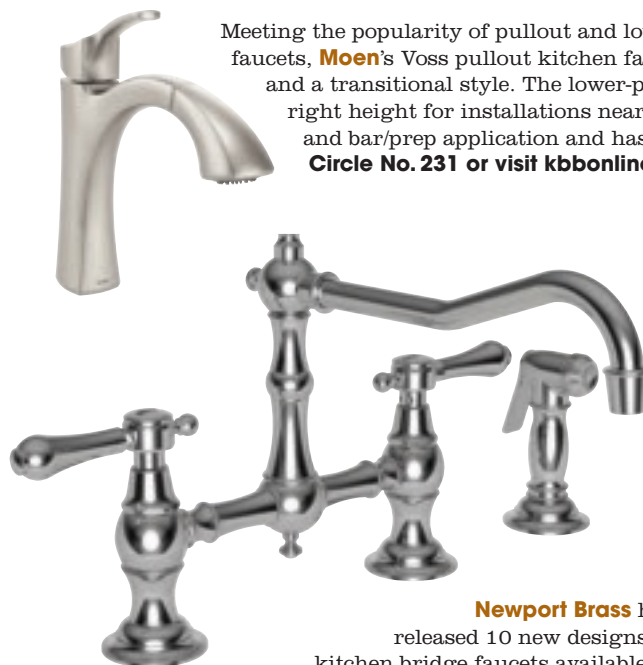

Distinguished by historical details, the Victorian bridge faucet from DXV by **American Standard** has a 5 ¼-in. spout that swivels a full 360 degrees. The faucet is available in polished chrome, ultra steel and carbon bronze. **Circle No. 230** or visit kbbonline.com/freeinfo

Neolith sinks, made of the same material as the kitchen countertop, offer a more minimalist look for a modern kitchen. Shown here in iron copper, the material does not scratch or stain and is heat-, fire- and heavy-duty cleaning agent resistant. **Circle No. 232** or visit kbbonline.com/freeinfo

Meeting the popularity of pullout and lower-profile kitchen faucets, **Moen's** Voss pullout kitchen faucets feature crisp edges and a transitional style. The lower-profile spout offers the right height for installations near a window or for island and bar/prep application and has a flow rate of 1.5 gpm. **Circle No. 231** or visit kbbonline.com/freeinfo

Newport Brass has released 10 new designs of kitchen bridge faucets available in 27 finishes and with matching accessories, including the Chesterfield (shown here). The adjoining of the bridge body can either be horizontal and flat or rising and curved for a more traditional look. **Circle No. 233** or visit kbbonline.com/freeinfo

The WhisperFit EZ from **Panasonic** is the ideal retrofit solution for quickly and easily replacing an existing fan from below the ceiling. The fan is also available in three models: non-lighted, lighted and non-lighted with a motion sensor. **Circle No. 234** or visit kbbonline.com/freeinfo

What's Cool *Everywhere Else*

ATI Decorative Laminates has created Lumisplash, ultra-thin custom panels with no air gap for LEDs. It features even illumination, can be dimmed and also provides abrasion-, scratch- and chemical-resistant properties. **Circle No. 248 or visit kbbonline.com/freeinfo**

Suited for both wet and dry areas, Knoxwood by **Marazzi** exudes wood characteristics with 3-D visuals and grainline variations. Available in four colors, Knoxwood comes in a 6-in. by 24-in. plank made in the U.S. **Circle No. 249 or visit kbbonline.com/freeinfo**

The Heated Washstand from **Sterlingham Company Ltd.** boasts the style of a sink stand with the added advantage of a built-in towel warmer. Built with an English Edwardian design, the washstands are crafted from solid brass. **Circle No. 251 or visit kbbonline.com/freeinfo**

With an oval design, the Celeste Freestanding Bathtub from **Jacuzzi Luxury Bath** has a contemporary, chrome linear overflow drain feature and comes in a white high-gloss acrylic. Also available with the hydrotherapy soaking experience, Celeste is listed at \$2,400 MSRP. **Circle No. 250 or visit kbbonline.com/freeinfo**

The **Jenn-Air** 24-in. Under Counter Wine Cellars and Beverage Centers feature a 46-bottle capacity and one adjustable and one fixed shelf. Additional features include an auto display light that is motion activated, UV-resistant thermal glass doors and automatic defrost. **Circle No. 252 or visit kbbonline.com/freeinfo**

With the largest agitator capacity on the market at 4.2 cu. ft., **GE's** new top-load laundry pairs mean fewer loads and less time and hassle. Users can choose extra rinse or deep-fill options for particularly tough loads or count on GE Appliances Auto Soak technology to fill the right amount. **Circle No. 253 or visit kbbonline.com/freeinfo**
