What's Hot In Bath Vanities

Le Acque from **Toscoquattro** adds a quirky elegance to the bath space with a white Cristalplant washbasin perched on one side of a vanity cabinet. The sinks are 29 cm deep and 60 cm in diameter, while the storage units are offered in 70-cm, 110-cm and 140-cm widths in an ebony or black walnut laminated finish. **Circle No. 206**

From **The Furniture Guild's** new Modern Bath Furniture Collection comes Nuvo, a wall-mounted vanity available in five textured laminates or a red, black, ivory, gray or blue acrylic finish. The line offers a variety of matching storage solutions, including medicine cabinets, as well as freestanding vanities. **Circle No. 207**

Devon & Devon's Suite vanity resembles a vintage bedroom dresser that's been updated and reinterpreted for the bathroom. Measuring 110 cm x 60 cm x 98 cm, it features a countertop and backsplash made of black Belgian marble and black crystal diamond-cut drawer pulls. Formed of lacquered wood, it is offered in deep black, warm gray, pure white, cream, blue violet, red, fango, prune and pearl. **Circle No. 209**

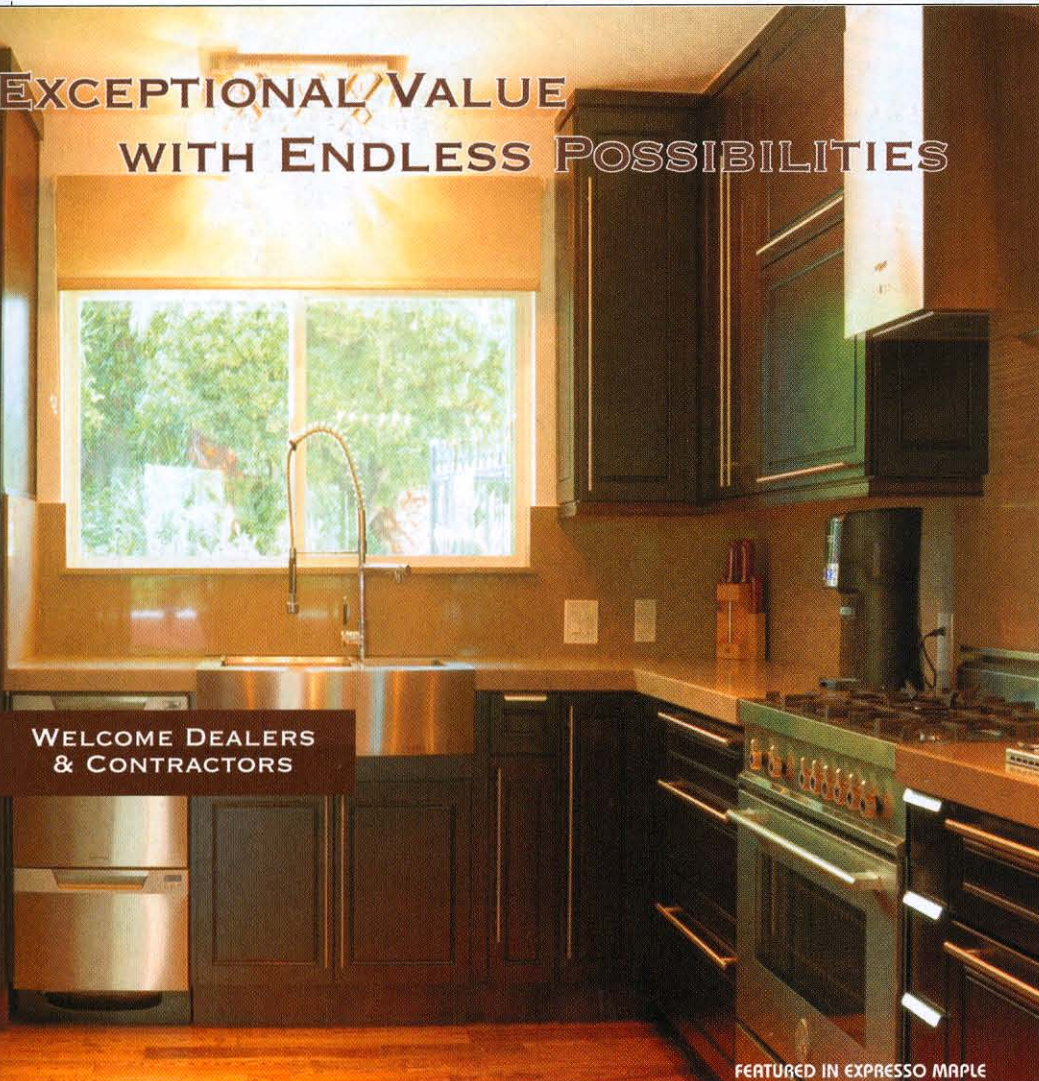

Formed of 15-mm-thick glass, **Boffi's** Glass (left) consists of two open-faced compartments and a basin that can be positioned on the right or left. It is shown with Treves (right), a collection that includes wall cabinets and a vanity, all of which are constructed from melamine-covered wood panels and feature an exterior finish of white silk and textured larch wood interiors. **Circle No. 208**

Cikel America's Statesman Collection offers FSC-certified Brazilian solid hardwood flooring in two species: Brazilian hard birch and Brazilian cherry light. Both are available in five colors, come in ¾-in.-thick planks with a 3¼-in. face width and random lengths ranging from 1 ft. to 7 ft. and feature micro-beveled edges on four sides, as well as tongue-and-groove construction. **Circle No. 220**

Circle No. 17

Lenova has introduced a line of travertine stone sinks for the bathroom. Model SV-65 is a 27½-in. x 15-in. rectangular basin and SV-43 measures 17½ in. x 17½ in.; both feature a hidden slotted drain. SV-62 is a freeform bowl carved from a single piece of stone. Each is handcrafted and requires about 10 days to make. **Circle No. 221**

To minimize damage from moisture buildup, spills and stains in the bathroom, the sides, back and floor of **Merillat's** CoreGuard Vanity are made of a protective engineered polymer material, while its face, frame and door assembly are formed of wood and wood-based materials. The vanity floor tilts slightly forward to allow spills and leaks to migrate to the front of the cabinet for easier detection and cleanup and is ribbed to keep jars and bottles elevated to prevent blockage. **Circle No. 222**
