Add dimensionality to the kitchen or bath with **Textural Designs'** collection of sculptured wall panels. Made from gypsum, the interlocking tiles contain no VOCs, are 100-percent-recyclable and can contribute to LEED credits. They are available in eight patterns in 16-in. x 16-in. and 32-in. x 32-in. formats and can be painted to match an existing color scheme. **Circle No. 220**

From **Architectural Systems, Inc.**'s new Estado Hardwoods collection comes Navarra, a line of solid oak flooring offered in 3/4-in.-thick, 5-in.-wide planks in random lengths of 9 in. to 84 in. Available in five colorations ranging from naturally light to dark, the planks come with beveled edges and a wire-brushed, hand-scraped texture and can be specified in FSC Pure-certified wood. **Circle No. 221**

Designed by internationally renowned furniture and lighting designer Scot Laughton for **Du Verre**, the Series 3 Collection consists of elegantly ergonomic knobs and pulls formed from die-cast recycled aluminum. Available in antique brass, black matte, oil-rubbed bronze and satin nickel finishes, the knobs come in a 1 3/8-in. or 1 5/8-in. length, while pulls measure 4 1/2 in. and 9 3/4 in. long. **Circle No. 222**
