Kitchen & Bath Business

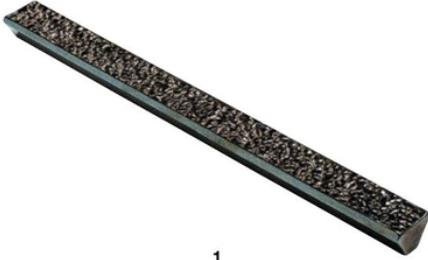

A man with short brown hair, wearing a grey V-neck sweater over a light blue collared shirt, white trousers, and brown sneakers with blue patterned socks, is sitting in a modern-style chair with a grey fabric back and wooden armrests. He is looking directly at the camera with a slight smile. The background is a plain, light-colored wall.

1. Kravitz Design and **ROCKY MOUNTAIN HARDWARE** teamed up to create Trousdale, a new series for both doors and cabinetry. Inspired by the Trousdale Estates neighborhood in Beverly Hills, Calif., the collection features sleek architectural elements with angular profiles and a strong textural effect.

2. **HICKORY HARDWARE**'s Pipeline design is rooted from industrial-style, mimicking salvaged elements from historic warehouses. The rustic finishes draw inspiration from discarded and often discredited objects.

3. **HAUTE DÉCO** has released a new doorhandle collection, Petals for Decorex. Reminiscent of Van Cleef & Arpels' iconic Alhambra jewelry collection, the handles are in the shape of a four-leaf clover.

4. The **DECORATIVE HARDWARE STUDIO** Shower Door Pulls are manufactured in the U.S. using the finest virgin brass alloys. The pulls are made with either a cast acrylic rod or solid brass tube, and they are ready to fit an eight-in. bore shower door with a 3/8-in. diameter mounting ride.

5. The Crawford Collection from **AMEROCK** brings together fine lines and smooth transitions to create accents with on-trend style. Shown here is the golden champagne finish.

6. **ATLAS HOMEWARES** announces new options for its Platform line of hardware. These pulls are now available in an extended range of sizes, boast a nearly 1-1/2-in.-thick front and have slightly curved corners and narrow tapered legs.

7. Visually inspired by parquet designs, the Geo knob by **DESIGNER DRAINS** uses patterns that are entirely geometrical and angular. The design is a representation of a mix of old traditional design with the modern movement of minimalism.

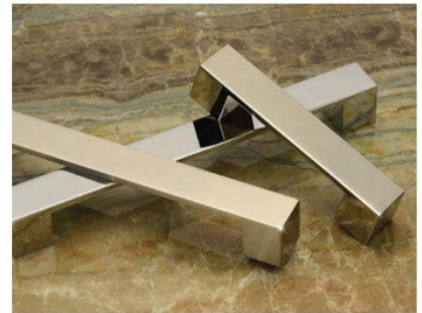

8. **BALDWIN HARDWARE** has added a crystal knob (shown here) and a contemporary knob to its Reserve collection. Both knobs include a new push-button privacy feature to enhance egress functionality, which is also now available on all Reserve knobs and levers.

1. Architectural Systems Inc. introduces a new collection of Interlock Eco-Panels that is made from recycled wood with a seamless interlocking installation. The panels, which are available in a variety of color washes in four shades of maple, are backed with birch and finished with a low-sheen varnish.

2. The metal Winston Vanity from **The Furniture Guild** features a seamless, solid brass construction, and each unit is hand made. It is available in 25 standard sizes and four finishes, including burnished brass with English walnut (shown). The vanity includes such interior options as walnut drawers with glass dividers, beige suede inserts and drawer-integrated power/USB ports. **3.** Norva from **Tulikivi** is a ceramic bake oven and fireplace combo that only requires one fire to heat both. It features sealed doors and air controls, as well as a radiant heat that can cover an entire home. It offers a long heat release time and low particulate and carbon monoxide emissions.

4. Whirlpool Corp. announces its ENERGY STAR-certified Front Load Washer with Closet-Depth Fit and HybridCare Heat Pump Dryer. The washer offers a shallower depth for flexible installation options, and the dryer features ventless heat pump technology and Advanced Moisture Sensing to read incoming and outgoing air. **5. The WarmlyYours** nSpiration Series of radiant heating controls is suitable for electric floor heating systems and hardwired radiant panels.

It is offered in a power module and five thermostats, including three programmable units: the nSpire Touch WiFi that can be controlled from a smartphone (shown), the nSpire Touch for rooms needing frequent adjustments and the nHance for consistent schedules. **6.** The K2005 touch-free swivel faucet from **Cinaton** features a 150-degree spout rotation, iSense technology that allows operation without touching the unit and five infrared sensors for control more than 13 different functions. The solid brass faucet is suitable for use at a kitchen sink, lavatory or butler's pantry and is available in a brushed or polished nickel finish. **7.** Air is the newest collection of saunas by Talocci Design for **Effigibi**. It features a suspended platform and benches with the heater in the center, as well as an 8-mm glass front. Three sizes are available to fit different spaces, and LED lighting under the benches provides a warm, open glow to the saunas. **8. LEVOR** Mosaic wooden tiles from **Levor Wood** are made from natural wood and feature a protective layer of oil-wax polish for a moisture-resistant finish. They are suitable for walls, columns, islands and backsplashes and combine easily with ceramic tiles. The ash, bird cherry and oak (shown) varieties can also be used for staircase treads and risers.

9. The Thermostatic Shower Panel from **LENOVA** is an all-inclusive system that includes a rain shower top, body sprays and a handheld shower. The \$850 system is able to maintain temperatures within one degree – even when the rain shower and body sprays are used together – and a Cool-Touch handle stays cool even when the water is hot.
10. **Verona's** Classical Series of 36-in. professional ranges is now available in a light blue hue in a single-oven option with dual fuel or full gas connection. The units feature a plinth leg, matching colored control panel a beveled front and stainless steel handles and handrail. The ranges come with a European, multi-function convection oven that provides seven cooking modes. Pricing starts at \$4,499.
11. The Bubbles suspension ceiling lamp from **Jetclass** offers a contemporary design with glossy and gold or silver-spun brass details. Finishes and sizes can be customized, and you can choose the number of spheres to be included.
12. The handcrafted copper Haven Sink by **Thompson Traders** is available in an apron-front style in a medium antique finish. It fits standard cabinets, features recycled materials and is available with a matching drain. Haven is available at Ferguson Bath, Kitchen & Lighting Gallery.
