Designed by famed metal smith Heinz Pfleger, Pomegranate from **Du Verre Hardware** is a textured decorative hardware collection made from recycled aluminum. Inspired by nature, it comprises both round and square knobs that range from  $\frac{3}{4}$  in. to  $4\frac{1}{2}$  in. in width and pulls that measure 3 in. to 9 in. in length. All have a  $1\frac{3}{8}$ -in. projection and are available in oil-rubbed bronze (shown), as well as satin nickel. **Circle No. 226**

**PSCBath** has introduced three bath faucet lines produced by century-old French manufacturer Margot: Margot Classic, Margot Design and Margot Retro, which comprises the Serie 1900, Palace, Polo, Circle, Art Deco and Thetis series. Available in 10 finishes with cross or lever handles, Thetis (shown) encompasses single- and three-hole lavatory faucets, tub and shower fittings, concealed and exposed thermostatic valves, as well as coordinating accessories. Lever handles come in metal, white or black porcelain, wenge, teak and padouk. **Circle No. 227**

Elegance takes on an organic shape in **Lenova's** Cobblestone Green Onyx bath sink. Crafted by a master stonemason, the basin's exterior is made of centuries-old cobblestone that has been hollowed out to form a bowl. Its interior is decorated with green onyx chips that have been adhered using a food-safe, knife-grade epoxy, then smoothed and polished to a sparkling finish. Each sink is one of a kind and measures approximately 18 in. x 17 in.
