What's Cool

What's Cool in Everything Else

2

3

1. Architect Vincent Van Duysen's WD Kitchen for **DADA** features innovations like a built-in LED strip light and slim, transparent glass cupboards with soft-closing micro hinges. This sophisticated design offers a dynamic aesthetic with its contrasting slim and thick materials and a mix of solids and voids.

2. The **INFINITY 5** Vanity from **PLANIT** is made of Corian, which is resistant to humidity and scratches and is also anti-bacterial and hygienic. The vanity's top panels frame the slightly recessed front panels, which are also available in Corian or five different colors of oak.

3. **MTI BATHS** introduces six organic colors inspired by the earth, sea and sky. Offered on a select number of tubs and vessel or semi-recessed sinks, the colors include Blue Lagoon, Nightfall, Onyx, Stormgray, Moonstone and Terracotta (shown).

4. Inspired by the Chinese lantern, **OGGETTI's** FILIPIA design, part of the Tooy Collection, features a powder-coated metal exterior in black. The inside is a sand/gray color, which reflects light from the double-sided borosilicate glass.

5. **VICTORA + ALBERT's** new Vetralla bathtub is double-ended and combines the clean lines of a modern aesthetic with a smaller footprint. With its greater angle of incline and support, the tub is designed to provide the bather with increased comfort.

What's Cool

6. The new Soleil Rosette from **GRANDEUR HARDWARE** offers a transitional design complete with baguette crystals. Drawing its name from the French word for sun, this line of hardware has a corona-inspired motif that outlines the rims of the rosettes and brass knobs.

10

7

7. The Neeson Vanity Collection from **SAGEHILL DESIGNS** draws inspiration from antique furnishings and has been updated with an umber finish. The dark finish is hand-detailed and textured for a rich patina.

8. The Tribal Collection, designed by Clodagh for **DU VERRE HARDWARE**, features a sleek, modern shape inspired by African weaving sticks. The collection comes in antique brass, oil-rubbed bronze, satin nickel or polished chrome and is made from environmentally friendly recycled aluminum.

9. Reflecting the industrial aesthetic of the early 20th century, the Cairo Contemporary Wall Light from **MULLAN LIGHTING** can be used as a wall or picture light in any contemporary interior. This industrial fixture is made from brass and features up/down dual-lighting capability.

10. **CONESTOGA WOOD SPECIALTIES** has introduced its first Allure Collection of decorative laminate veneer doors, drawer fronts and components. This provides a non-glazed alternative to its Impresa glazed product offering and includes 22 door styles and 13 colors.
