Water Inspires Hardware Design

Top Knobs has set a water-inspired theme with its Sanctuary Collection Flair series. The decorative hardware collection of seven pulls and knobs features curved edges and wavy style reminiscent of water. The Flair series is available in eight finishes, including Brushed Satin Nickel, Flat Black, German Bronze, Oil Rubbed Bronze, Pewter Antique, Polished Chrome, Polished Nickel and Tuscan Bronze.

Plane Smooths Surface Edges

The Mouseplane from Power Adhesives is a plane with a flush blade and an ergonomic handle that is modeled after a computer mouse. The piece fits flush against a wood surface or edge to remove surplus dried

glue or to fix uneven surfaces. The tool can be used to level edges, clean out corners of cabinets plus other jobs, and is equipped with a hardened carbon steel blade that maintains a sharp edge.
