CARVING OUT RELAXATION

Stone Forest's new Sandstone Papillon tub is the ultimate symbol of luxury. Carved out of centuries-old sandstone, a softer sedimentary rock, the tub's organic design is authentic and the bathing experience is heavenly. stoneforest.com

WAVES OF THE FUTURE

What Graff calls a "symbol of the fusion between the universe above and the oceans below," the new Ametis Collection features a shower column unlike any other, including an integrated chromatherapy system (with six-color LED lighting within the ring), dual-function showerhead with waterfall and rain shower setting, body sprays on the column and a handheld spray. Welcome to the future. Available through *Regarding Kitchens*. graff-faucets.com

A SPLASH OF NATURE

Inspired (again) by nature, the Ann Sacks Scribe Collection features water jet mosaics that have been engraved or "scribed" to create the 19 fanciful patterns you'll find in this set. (Aquadria mosaic shown in Bardiglio and Blue Pearl.) annsacks.com
