# A BRIGHT IDEA

AIRY ROOMS, CONTEMPORARY LINES AND COMFORTABLE OUTDOOR SPACES MIX TOGETHER IN A COUPLE'S ASPEN HOME.

WRITTEN BY LINDA HAYES / PHOTOGRAPHY BY PETER AND KELLEY GIBSON

**Above:** In Hildegard's bathroom, a polished-chrome Grohe tub filler spills into an engineered solid-stone tub with a matte finish by MTL. The rift-sawn white-oak cabinetry was crafted by Eurostyle Woodworking.

**Left:** Crowned by a high-peaked ceiling, the serene master bedroom opens to the terrace and verdant surroundings. An acrylic-and-hide bench by Zentique sits at the foot of the leather-upholstered Ralph Lauren Home bed. The upholstered armchair and chaise lounge are by Verellen.
