

SUMMER 2017

MILLEU®

Homes & Gardens

A photograph of a modern interior space. On the left, a large window is partially covered by light-colored curtains with a subtle pattern. In the center, a tall, narrow, light-colored wooden cabinet or partition stands in front of another window. To the right, a rustic wooden desk with drawers is positioned. On the desk sits a large, cylindrical lamp with a textured, light-colored shade, a small vase of red flowers, and a book. A dark wooden bench is tucked under the desk. The floor is made of dark, large tiles. The overall atmosphere is warm and minimalist.

Left: As elsewhere in the pool house, the draperies in the bedroom are from Mark Alexander. Verellen chairs and a Formations bed are accented with pillows with fabric by Kevin O'Brien and Edelman leather. The custom cowhide rug, in shades of platinum and charcoal, was designed by Kyle Bunting. The duvet is custom with Verellen linen. This page: The master bathroom features a pair of Jonathan Browning sconces, a THG faucet, Ironies mirrors, and a Victoria and Albert-style volcanic limestone tub.
