## CLODAGH'S PRODUCTS

**TALK ABOUT DESIGNING WOMEN. CLODAGH PUTS HER SHAPING HAND TO** almost every class of product we might use daily in our domestic environments. She emphasizes the sustainable, the modern, the functional. She prefers the distinctive, the different, the enduring. From hardware to rugs, light fixtures, textiles, and even her first love, fashion, she gives to design the best of design: beautiful solutions for the tasks of everyday living. As a citizen of the world, she also believes in what she terms "philanthropomania." Through [clodaghcares.org](http://clodaghcares.org), she supports school projects in Kenya; healthcare initiatives in Ecuador; and primate protection in Cameroon. Now that's a woman with a grand design.
