# Old-Timers

Nothing ruins a new old house like the wrong windows, out-of-scale dormers, incorrect molding, and fixtures that don't represent the era of the home. Don't fret: Here are 10 fixtures and faucets that will give your bathrooms an authentic architectural feel.

BY NIGEL F. MAYNARD

1

### 1. Hot & Cold

Based on a nineteenth-century design, the Savina faucet collection from Jado offers period detailing and ornamentation for the traditional bath. The line includes pillar taps and widespread faucets with porcelain-capped single, cross, and lever handles. Each offers a maximum flow rate of 1.5 gallons per minute and comes in polished nickel. 800.227.2734, [jadousa.com](http://jadousa.com).

### 2. Traditional Lav

Allia from Rohl is a fireclay dual-flush toilet that complies with stringent water-use standards but offers Old World detailing for a traditional-style new home. Offered with coordinating sinks, the two-piece toilet features an oak hardwood cover, an elongated bowl, and a gravity-fed siphonic-jet flush system. 800.777.9762, [rohlhome.com](http://rohlhome.com).

2

### 3. Fancy Fixtures

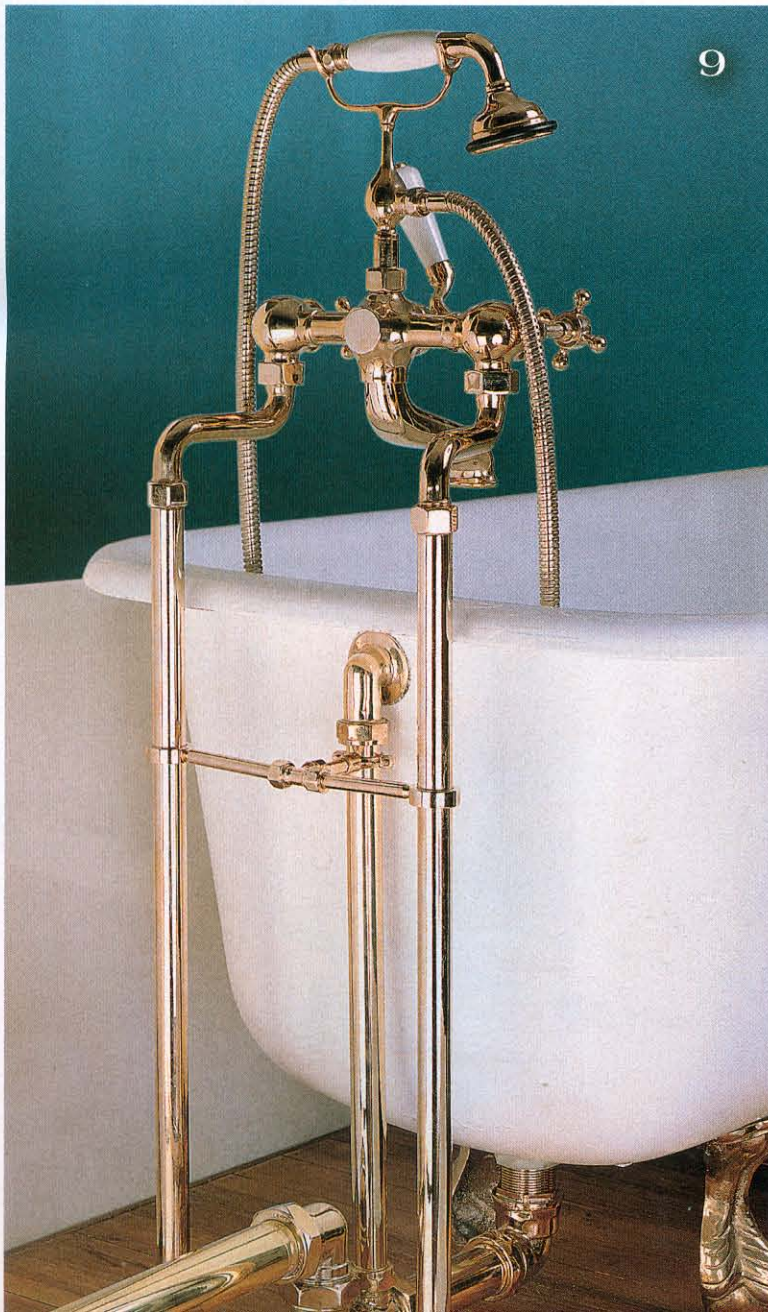

Sunrise Specialty's 438 floor-mount shower/tub filler combination is a throwback to a bygone era and a perfect fit for a new old home. Designed to work with a bathtub that has no faucet holes, it features a single-handle diverter and is shown here with the optional 76-20 hand shower. It's shown in polished chrome. 800.444.4280, [sunrise-specialty.com](http://sunrise-specialty.com).

3

## 8. Edwardian Soak

The Wessex tub from Victoria + Albert sports an Edwardian design, but it's made from modern-day Englishcast, a finely ground volcanic limestone mixed with resin. Measuring almost 60" long, 30" wide, and 15¾" deep, it sits on polished chrome metal ball-and-claw feet. 800.421.7189, vandabaths.com.

## 9. Fancy Fixture

Barber Wilsons & Co. of England makes complete assembly fittings to use with freestanding roll-top bathtubs—perfect for a traditional look in the bath. Shown here in Inca brass. For more information, visit [barwil.co.uk](http://barwil.co.uk).

## 10. Belle Bridge

M. Desiree Herbeau designed the Royale collection during the early 1900s, around the time Picasso and Chagall were painting in Montmartre and the Eiffel Tower was new. Capturing the Belle Époque era, the 3003 two-hole bridge faucet features ceramic cartridges and comes in seven finishes. 800.547.1608, [herbeau.com](http://herbeau.com).
