## Sinks for the Bath

BY MARY ELLEN POLSON

**U**NDERMOUNT OR DROP-IN, console, vessel, or wall-hung, bath sinks are overflowing the market. Materials range from the classic vitreous china and porcelain to glass, stone, stoneware, and metals. Porcelain and china basins are hand-painted or modeled with relief decoration; glass is etched, reverse painted, or frosted in colors; vessel sinks are hand-thrown; copper is hand-patinated. Price points begin well under \$100 and—depending on design, materials, and plumbing fittings—ricochet upwards from there. †
