### Oval-shaped freestanding tub

MTI Baths' oval-shaped Parisian freestanding tub is available as a regular tub or an air bath. It can be ordered with options such as chromatherapy, provided by underwater LED lighting, and Radiance, a heating system that warms the interior bath surface. Available only in white, this style may be ordered in two sizes. Parisian 3 measures 65 1/2" x 32" x 23" while Parisian 4 measures 71 1/4" x 34 3/4" x 23". Both models are made in the United States and are handcrafted in high-gloss Lucite-cast acrylic. **MTI Baths. [www.mtibaths.com](http://www.mtibaths.com)**

## Lubrizon

WE'RE REFINING THE  
**CHEMISTRY**  
OF CONFIDENCE.

The Lubrizon Corporation's CPVC compounds make every FlowGuard Gold® piping system one of the most trusted in the U.S. Our superior CPVC compounds give building professionals quality pipe and fitting products they can depend on. Plus, FlowGuard Gold piping systems have delivered **MORE INSIDE™** for more than 50 years—giving you access to Lubrizon's unmatched R&D, technical expertise, global capabilities and a network of customers who are industry-leading manufacturers.

Discover the chemistry of confidence on your next job. Visit [flowguardgold.com](http://flowguardgold.com) or call a piping systems consultant at 1.855.735.1431.

### Hammock bathtub

Splinter Works' Vessel bathtub is suspended from the walls and does not touch the floor. It is fixed with stainless-steel brackets that can be covered over or left revealed. The bath is filled using a floor standing tap and the waste water is released through the base into a floor drain. A downpipe drain also can be installed. Beneath the layers of carbon fiber lies a foam core. It is 8.8' (2.7m) long; custom sizes are available. It can be trimmed up to 7.8" (20 cm) to allow for flexible installation. Colors include black, red, blue, yellow, pink, bronze and pure silver. **Splinter Works. [www.splinterworks.co.uk](http://www.splinterworks.co.uk)**

### Energy-efficient bathtub

Victoria + Albert's Wessex tub is energy-efficient and has a naturally insulating English-cast composition of a finely ground volcanic limestone mixed with high-performance resins. It is stain-resistant and the exterior allows for faux finishes or custom paint jobs. It features classic Edwardian design with ball and claw feet, which are available in a number of finishes. Cast in one piece, it measures 59 7/8" long, 30 1/8" wide and 15 3/4" deep. **Victoria + Albert. [www.vandabaths.com](http://www.vandabaths.com)**
