2010 Wholesaler Of The Year

Don and A.J. Maloney of Coburn Supply.

Turbo Collection Faucets: Victoria & Albert's Turbo collection features three faucet models suitable for both tubs and basins. Each model is offered in chrome or brushed-nickel finishes. The freestanding tub filler (Turbo T10) has a hand-held shower attachment and stands nearly 34 inches tall. The Turbo T11 is a waterfall tub filler (also comes with a hand-held shower). The Turbo T12 basin faucet is perfect for a vessel-style sink and features a fixed 12 1/4-inch height. **Victoria & Albert.** www.vandabaths.com/usa. **Circle 43**

Portable Combustion Analyzer: Bacharach's PCA3 Portable Combustion Analyzer is available in 14 configurations, plus 14 European versions and is the industry's first advanced portable combustion analyzer with a full-color graphic display for superior visibility and user-friendly interface. The PCA3 is designed for on-demand or semi-continuous sampling of light industrial, institutional, commercial and residential furnaces, boilers and appliances. **Bacharach.** www.bacharach-inc.com. **Circle 47**

Tankless Water Heaters: Noritz's NR83-DVC is the newest addition to the whole-home residential tankless water heater line. The new-concentric-vented water heater saves energy (Energy Factor: 0.82) and protects the environment by heating water strictly on demand. The water heater has inputs ranging from 18,000 to 180,000 Btu per hour and flow rates from 0.5 to 8.3 gpm. The water heater is designed specifically for one-bathroom homes in the Northeast, the Midwest and Canada, as well as two-bath residences in the Southeast and Southwest. **Noritz.** www.noritz.com. **Circle 44**

Kitchen & Bath Collection: Cleveland Faucet Group's Baystone kitchen and bath collection features a transitional design and multiple finish and configuration options, including: a widespread lavatory faucet; a single-hole, single-handle lavatory faucet; pulldown kitchen faucet; and a single-hole, single-handle kitchen faucet available with or without coordinating sidespray. Lav faucets and showerheads are WaterSense-certified. **Cleveland Faucet Group.** www.cfgonline.com. **Circle 45**

Cobalt HETs: Danze's new Cobalt Collection features two variations of high-efficiency toilets that register only 1.28 gallons per flush — a two-piece elongated option and a one-piece compact elongated option. Both toilets feature Danze's 3-inch flush valve that ensures a powerful flush every time. **Danze.** www.danze.com. **Circle 46**
