# Product Focus: KBIS & Builders' Show Products

### Hand-held showerhead

Isenberg's new WaterFlow Collection, a new line of hand-held showers, brings an added sense of luxury and relaxation to the bathroom. The unit's ergo dynamic design fits in hand and the unit has a whisper-quiet operation. The WaterFlo is adjustable to suit individual preferences. The shower has a foam flow and multifunction sprayers with smooth water delivery. WaterFlo hand showers offer a 2-gpm flow rate and meet WaterSense criteria. **Isenberg. ### Digital Shower

The U by Moen shower is a Wi-Fi/cloud-based digital shower that offers mobile connectivity and personalization that provides the user with many ways to create the ideal showering experience with the push of a button. The shower includes a digital valve that Moen notes offers precise thermostatic temperature control and enables the user to connect up to four shower devices. The shower controller features a 5" non-touch LCD screen that provides feedback on the shower status through on-screen messaging and notifications. For user safety, the shower valve allows temperatures between 60° and 120° F. **Moen. [www.moen.com](http://www.moen.com)**

### Copper sink

The Palla sink from Thompson Traders is hand-hammered with a coppersmith dedicating hours, days and sometimes weeks to create a one-of-a-kind sink. The Palla comes in a 13 3/8" by 4 9/16" by 5" setup. **Thompson Traders. [www.thompsontraders.com](http://www.thompsontraders.com)**

### Foot-controlled faucet

GROHE's LadyLux FootControl kitchen faucet allows the user to operate the faucet without using their hands. The user taps the kitchen base unit with their foot to start the flow and taps it again to stop, leaving hands free for other tasks. **GROHE. [www.grohe.com](http://www.grohe.com)**

### Food-waste disposer

InSinkErator's new line of Fresh Kitchen food-waste disposers builds on the company's Evolution Series platform, is fitted with a colorful backpack and features a 3/4 HP engine to power through tough foods as well as a Multigrind system that creates finer particles. The disposer dispenses a refreshing agent that neutralizes odors and leaves behind a light fragrance of lemon, lime or orange. **InSinkErator. [www.insinkerator.com](http://www.insinkerator.com)**
