YANITY FLAIR

FAN-TASTIC

With its spare, svelte shape, Fanimation's Marea one-blade ceiling fan could be mistaken for a piece of art. The energy-saving design is offered with an oil-rubbed bronze or satin-nickel finish, and an amber frosted-acrylic or white frosted-acrylic blade. The fan is UL-listed, and a wall-mount remote control is included. Available through Hacienda Lighting, Scottsdale, (480) 991-6767.

This hand-hammered 16-gauge copper Japanese-style soaking tub from Premier Copper Products measures 36" in diameter and is made of 99.7% Grade A recycled copper. It is double-walled, allowing for the addition of jetting, and is available through Ferguson Bath, Kitchen & Lighting Gallery, Scottsdale, (480) 556-0103.

New from Atlas Homewares is a striking line of decorative glass hardware that is sure to perk up the kitchen or bath. Pictured here are Milky Way Dream (left) and Galaxy Dream.
