KWC SAROS Kitchen Faucets →

The KWC SAROS range of single-lever kitchen faucets delivers functionality and styling that fits in with contemporary and traditional spaces. The faucets feature clean lines, a cylindrical body, and an ergonomically designed pull-out spray. The self-cleaning technology keeps the spout free of mineral deposits that can impact performance. The line includes a bar faucet with a 6-½-inch reach, a prep faucet with a 7-3/16-inch reach, and a full-sized kitchen faucet with a reach of 8-7/8 inches.

↑ Style Moderne Shower Trim

Echoing the symmetrical architectural aesthetic of Art Deco with stepped features referencing the silhouette of the Chrysler building, the concealed Style Moderne shower trim set includes two open outlets and metal cross controls. Made in England using a process that combines modern technology and hand craftsmanship, the set is finished using a high-quality plating process to ensure a flawless finish.

← REVO Fireplace Series

The Heat & Glo REVO Series of fireplaces is the thinnest AFUE-rated fireplace series on the market. Perfect for a bathroom, the slender fireplaces uses Direct Vent technology, expelling 100 percent of exhaust gases outside of the home and protecting indoor air quality. The IntelliFire Plus Ignition System constantly monitors ignition and ensures safe functioning. Standard safety barrier screens also ship standard with the units and comply with new ANSI standards.

↑ Ukinox Laundry Sink

The 18-gauge Ukinox D610.457 stainless steel laundry sink has a slim edge, built-in angled washboard, and European-style finish. The sink is designed for universal mounting, and can be used as either a drop-in or undermount sink. It features sound-deadening pads and includes a strainer basket. With high percentages of chromium and nickel, the sink is resistant to corrosion and stains.

For more information, circle No. 804 on reader service card.

← Galley Kitchen Sink

With cutting boards, colanders, a drain rack, and stainless bowls, the Galley is both a sink and a functional workstation. Kitchen accessories slide above and below each other on two tiers inside the sink to accommodate food preparation, clean up, and serving. Available in three lengths—7 feet, 5-½ feet, and 4 feet—the sink can be installed indoors or outside, as an undermount or apron front sink.

6 FloorMate Temporary Flooring Tape

Shurtape introduces the FloorMate temporary low-adhesion flooring tape to perform with water-based finishes on wood floors. It can also be used on other hard flooring surfaces, including sheet vinyl, wood laminates, engineered hardwood, tile, marble, and granite. It removes cleanly without damaging the finish on properly prepared floors, will not tear or splinter, and will not leave behind a residue for up to 30 days.

7 MTI Freestanding Tubs

MTI added two freestanding bathtubs to its Designer Series. The Olivia 2 is constructed using the brand's Sculpted Finish process and the result is a spacious, seamless tub. The Parisian 2 features a bold exterior and an ergonomically sensitive interior with softly curved backrests. Both tubs are handcrafted in durable, high-gloss Lucite-cast acrylic and are available with optional heating systems and underwater LED lighting.

8 Thermory USA Hardwood Decking

Thermory wood decking is a thermally modified hardwood product made from sustainably harvested American ash. Thermal modification gives the decking the same resistance to rot and decay as tropical woods, without harming the environment. Thermory is a maintenance-free product, aging naturally to a silver-grey color if left untreated, or maintaining a chocolate brown luster if oiled yearly with standard deck oil. It is available in 1x4 and 1x6 in both 4/4 and 5/4 thicknesses.

9 SheetRock Drywall Panels

Sheetrock UltraLight Panels from USG Corporation are now ICC Evaluation Services compliant for installation on ceilings, with the long edges parallel to the framing. The 1/2-inch-thick panels are up to 30 percent lighter than other brands, making them easier to carry and install without sacrificing quality. Made with up to 95 percent recycled content, the panels also qualify as a low-VOC emitting material.

10 Color of the Year Dream Glass Knobs

Atlas Homewares has adopted emerald, Pantone's 2013 Color of the Year, in its Dream Glass collections of knobs. The limited edition knobs with emerald polka dots are 1 1/2 inches in diameter and are available either round or square with a matte black or polished chrome finish. Adding splashes of color with these emerald spotted knobs can add flair to a kitchen or bath.

2 Formica Anniversary Collection

Celebrating 100 years, Formica launched its Anniversary Collection in 2013 featuring 12 new patterns in four collections. Ellipse and Endless have overlapping independent layers that interact randomly throughout the pattern. Ellipse colors include White, Gray, and Red; Endless colors include Graytone, Smoke, and Indigo. Dotscreen and Halftone feature solid patterns of bright, saturated colors with fine dot motifs. Dotscreen is available in Aqua, Mint, and Tangelo; Halftone colors include Blueberry, Citrus, and Tangelo.

3 2013 Wilsonart HD Collection

Wilsonart's newest high definition laminate collection focuses on nature as artwork, offering sustainable alternatives to natural stone. The collection features six designs: Cosmos Granite, Golden Romano, Bianco Romano, Florence Gold, Summer Carnival, and Winter Carnival. Homeowners can create any look they desire with 57 designs, three surface textures, three decorative edge options, and eight integrated sink configurations.

4 New Classico Quartz Designs

Available in five new designs, the Caesarstone Classico quartz collection is made with a blend of earthy tones and delicately infused veins. Ideal for kitchen countertops, backsplashes, and vanities, the materials have the stain, scratch, and water resistance of quartz with the look of marble. The new colors and design options include Frosty Carrina, Dreamy Marfil, London Grey, Piatra Grey, and Emperadoro.

5 ThinkGlass Countertops

Made from 100 percent recyclable glass, ThinkGlass countertops are available in a variety of molded textures and hand painted colors. Countertops can be integrated with LED lighting, and customers can customize glass thickness and edge treatments. The result is a countertop with a glossy finish that is maintenance free, difficult to stain, and resistant to scratches, mold, and mildew.
