10 DuChateau Riverstone Collection

The Riverstone Collection is the latest series from DuChateau Floors, an evolution of hand-sculpted hardwood flooring that blends with interiors old and new. Instead of coating the floor with a shiny layer of plastic, pure hard wax oil penetrates into wood fibers and protects from within. This environmentally friendly, zero-VOC, preservative-free, unique lustrous finish maximizes the wood's natural character and beauty, and gains a rich patina and refinement as it ages.
