## Preserve & Progress

Mosher Dolan and CBI Design Professionals upgrade 1930s home to accommodate modern lifestyle

### Ronbow Vanities →

Nine styles have been added to Ronbow's vanity lineup, ranging from classic, cottage, and traditional to contemporary, minimalist, and modern configurations. Each style features stand-alone, wall-hung, and modular variations. Hardwood frame construction and hardwood plywood exteriors enhance durability. Available matching components include mirrors, LED lighting, vertical drawer bridges, and medicine cabinets. Finishes include Blush Taupe, Vintage Cafe, Aged Oak, Slate Gray, Glossy White, and Vintage Honey.

### ↑ Duravit Sound System

Duravit built this wireless audio system directly into its LED mirrored cabinet ranges, preserving a clean aesthetic. The high-quality audio is specifically tailored to deal with bathroom acoustics (i.e., an abundance of sound-reflective materials). Music is streamed wirelessly from any Bluetooth-compatible device, including smartphones and tablets. Up to eight separate devices can be connected, and each needs only to connect once to establish permanent recognition.

### ← Antioch Pull-Out Kitchen Faucet

Organic curves, a graceful handle design, and a 7-inch-high, 9 3/4-inch-long spout defines this new contemporary offering from Danze. Ideal for any main sink or island setting, it features a ceramic disc valve and two-function spray/aerated stream, plus a quiet-running retractable hose. Maximum flow rate is 2.2 gpm at 60 psi. The Antioch is now one of three faucets in this Danze line, which includes the Single Handle Faucet and Articulated Spout Faucet. Available finishes include Chrome, Stainless Steel, and Tumbled Bronze.

### ← ICERA Black Toilets

This high-gloss black finish gives ICERA toilets a bold, contemporary look not seen often in the home. All ICERA toilets are WaterSense-compliant with Hyperion flushing technology, increasing efficiency 30-to-50 percent. Other features include precision rim jets, quiet flush mechanisms, and "silent close" toilet seats. **For more information, No. 803 on reader service card.**

### ↑ Lenova Ledge Series

Three models make up this new series from Lenova: Two 33-inch by 22-inch sinks are offered—one single bowl and one double bowl—plus a 38-inch single-bowl sink. All three varieties sport a 90-degree ledge in the front and back to create a food prep center; other optional food prep accessories include a stainless steel colander, wood cutting board, and roll-up stainless steel-grid drainer. The double-bowl sink features a low divider to accommodate large pans with long handles. Sinks can be drop-in or undermounted.
