8 Lenova Cobblestone Green Onyx sink

Each Cobblestone Green Onyx bath sink is crafted by a master stone mason. The intricate process begins by using centuries-old cobblestone for the outside of the vessel. Using a food-safe, knife-grade epoxy, rich green onyx chips are adhered to the bowl's interior in an artful, mosaic pattern. The SV-40 Cobble Stone Green Onyx Sink from Lenova measures 16" x 16" overall; bowl dimensions are 14" x 14" x 5-1/2".

9 Masonite patio doors

Masonite has launched a new designer patio door product line using SpectraWeld technology. Patio doors have traditionally been limited to clear glass or simple grids, but this innovative process bonds composite material to a single sheet of glass, yet gives the appearance of coming. The collection offers six distinct glass designs, ranging from ornate to simple. Several design options, including vines, diamonds and the traditional divided lights look, are available.
