A Backyard Culinary Oasis

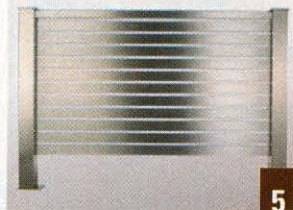

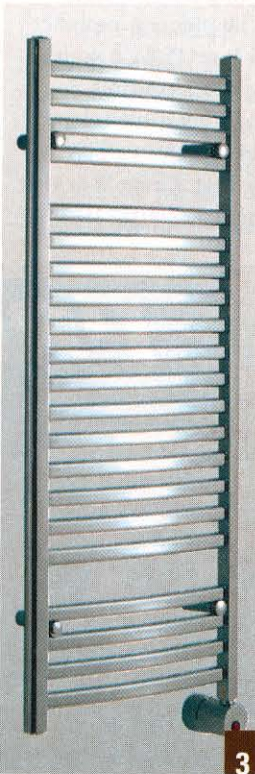

A midtown Atlanta backyard becomes a relaxing retreat for busy homeowners

1 AMBA Towel Warmers has unveiled its SWIVEL Collection, which consists of three Jack models with straight arms and three Jill models with looping arms. The models, which come in brushed or polished-metal finishes, have 46-inch plug-in cords and can reach temperatures up to 136 F. **Circle 1 or visit directory.qualifiedremodeler.com/10231833**

2 WarmlyYours Inc. has released the 24-inch-wide Portofino electric towel warmer made of high-carbon steel. The polished-chrome towel warmer has an integrated 9-inch shelf to provide additional warming and storage. The Portofino is lightweight and uses an embedded double-grounded warming cable to speed warming. **Circle 2 or visit directory.qualifiedremodeler.com/10231823**

3 Mr. Steam offers its 200 Series Towel Warmer Collection that includes five wall-mounted models: W216, W219, W228, W236 and W248 (shown). The models, which feature an aromatherapy oil well, are made of all-welded steel and contain a stainless-steel heating element. The collection is available in three finishes: oil-rubbed bronze, polished chrome and white. **Circle 3 or visit directory.qualifiedremodeler.com/10231829**

4 Thermique Technologies LLC manufactures the Designer Collection of heated glass towel warmers. The collection's freestanding frames mix color with polished-chrome accents that hold a sheet of heated glass. Frame color options include black, cream and white. **Circle 4 or visit directory.qualifiedremodeler.com/10231826**

5 Myson Inc. has launched its brushed Stainless Steel Hydronic Towel Warmer Collection in three styles: ESKE, NENE and WENSUM. Each towel warmer is available in a range of sizes. NENE (shown) uses flat-panel tubes to deliver heat output up to 2,903 Btu per hour. The WENSUM and ESKE styles output up to 1,340 and 2,790 Btu per hour, respectively. **Circle 5 or visit directory.qualifiedremodeler.com/10231816**

6 Runtal North America Inc. offers towel radiators that provide towel-warming capabilities and act as bathroom heaters. The radiators are available in hot water and electric models in a selection of designs and finishes. The products also can be used in other rooms that are difficult to heat and where space is limited. **Circle 6 or visit directory.qualifiedremodeler.com/10231820**
