Kitchen & Bath

Industrial faucet for the residential market

MOEN presents its Align pre-rinse spring faucet for the residential market that provides a look fit for an industrial kitchen but the reach and flexibility homeowners want. The pull-down fixture has a multifunction spray wand and features Power Clean Spray Technology, which provides 50 percent more spray power while containing splash, minimizing mess and using less water. Duralock Quick-Connect System, a push-button connector, ensures a secure connection with an audible “click” and no tools are required for faucet installation.

Refrigerator layout, storage inspired by pantries

The **WHIRLPOOL** Smart French Door Bottom Mount Refrigerator features a pantry-inspired layout and unique shelving system. Providing 32 cu. ft. of storage, the refrigerator has an infinity slide shelf that accommodates all sizes of items, dual ice makers and a platter pocket. Dual cooling via the StoreRight system measures humidity levels with sensor technology and automatically adjusts the temperature. Built-in home automation qualities include smart notifications and custom settings, like Party Mode which, through the company’s mobile app, can produce more ice and lower refrigerator temperatures.

Bake oven combined with, warmed by fireplace

TULIKIVI combines a fireplace and a bake oven with the introduction of Norva. The bake oven is heated by the fireplace itself and can be placed above the firebox door or on the opposite side of the fireplace. Featuring sealed doors and air controls, the fireplace/bake oven have low particulate and carbon monoxide emissions, passing emissions standards. Natural soapstone in a gray color creates the surface though the soapstone finish can also be turned white or dark gray.

Toilet features dual flush technology for ultra-high efficiency

Using hydraulic technology, **NIAGARA CONSERVATION**’s Stealth UHET Dual Flush toilet lowers water usage while maintaining performance. Dual flush technology provides chambers for either a 0.5-gpf half flush or 0.95-gpf full flush. Vacuum-assist flush technology accelerates the force of water and waste and, along with a Fluidmaster 400a Fill Valve, provides a powerful but quiet flush. The toilet is offered in an elongated model that fits a standard 12-in. roughing installation, comes in white vitreous china and is EPA WaterSense labeled.
