Dacor

The Renaissance line of induction cooktops uses 90% of the heat generated, which results in faster and energy-efficient cooking. It detects the exact size of cookware and manages the transfer of energy to match. It comes in 30- and 36-in. sizes.

Plain & Fancy Custom Cabinetry

These doors highlight the manufacturer's capability to produce bright, custom colors in enamel or high-gloss acrylic. Shown here in maple, the doors are handcrafted using traditional woodworking techniques.

Hansgrohe

Designed with the urban aesthetic in mind, the Axor Citterio M by Antonio Citterio is characterized by slender shapes and lightness. This two-hole kitchen faucet has a swivel range of 150 degrees, a toggle spray diverter and ceramic cartridges. It's available in chrome and brushed nickel.

Lenova

Made from stainless steel, the SK110 faucet eliminates the concern associated with lead. It features ceramic disk cartridges and stainless steel stream and spray heads.

Dornbracht

The latest addition to the company's Tara Ultra series, Pivot is a combination faucet and pot filler that's ideal for kitchen islands. It has an unusually long arm projection of 21 2/3 ins. and has a 360-degree radius. The unit comes in polished chrome and platinum finishes.
