Zurn Introduces EZ1™ Floor Drain System zurn.com

Zurn Industries' EZ1™ drain is easy to install and built to last. Available in cast iron or plastic, it's shipped complete and ready to install out of the box. EZ1 is intended to save contractors time and money with its easy integration and simple installation. It includes an easy post-pour adjustment, tilt accessory package, and an integrated strainer.

EZ1 can be equipped with the ZShield™ system at the customer's request. ZShield stops odor, gases, and insects from coming up through the drain while still allowing water to flow. For more info, visit www.zurn.com/innovation-efficiency/ez1.

DEWALT® Announces New Mechanical and Plumbing Tools

dewalt.com

DEWALT expands its offerings for the mechanical and plumbing trades with the 20V MAX 1" PEX Expander and 20V MAX XR® Brushless Drain Snake.

The 1" PEX Expander (DCE400) can expand 3/8" to 1" PEX-A tubing. Five interchangeable PEX expander heads are available. It features a dual-sided, heavy-duty hang hook and belt hook that can be mounted on either side of the tool, and an LED light. The long trigger can be actuated at any point, making it easy to use in a variety of orientations between joists or under sinks.

The lightweight Brushless Drain Snake (DCD200) provides a cordless, powered solution for cleaning clogged drains. It comes with a 5/16" x 25' cable coated with black oxide to help prevent corrosion and a steel inner core for rigidity. Compatible with replacement cables from a variety of leading manufacturers, the Brushless Drain Snake accepts 1/4" and 5/16" cables up to 50 feet long and 3/8" cables up to 35 feet long with an assortment of different ends for various applications (sold separately).

ICERA Introduces Restyled Richmond II

icerausa.com

ICERA has introduced an updated version of the Richmond II toilet. The Richmond II features a transitional style, teardrop lever, an elongated bowl, one-piece design, and newly skirted bowl that provides a cleaner look and easier maintenance. As a 1.28gpf high-efficiency toilet, it includes a fully glazed trapway and ICERA's Eco-Quattro™ flushing system.

It includes a soft-close and quick-release seat, is available in white and balsa, and includes a solid metal trip lever in polished chrome. All ICERA toilets are 100 percent factory flush tested and come with a limited lifetime warranty.

For more information, visit www.icerausa.com.
