OPPOSITE PAGE: An MTI Petra freestanding tub is positioned perfectly to maximize views while soaking in the master bathroom. The dazzling chandelier is displayed for dramatic effect.

FAR LEFT: From Hearth & Home, the fireplace in the master bedroom is centered for function and aesthetics. Dark background tile blends with the color of the TV.

LEFT: Floating nightstands foster the bedrooms's streamlined, modern design.

BELOW: A rectangular shower sits next to the freestanding tub. Floor tiles run lengthwise to elongate the room.
