Additional insured coverage, air sealing best practices, design workshops, attached unemployment, seeking commercial work, bath packages, latest lead dust-wiping proposal, accurate estimating, and more.

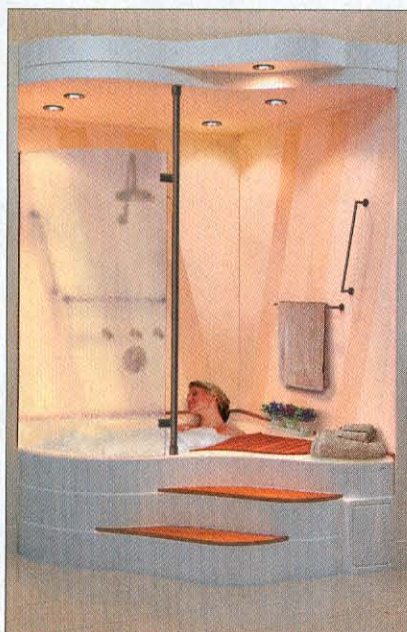

Showers & Tubs

Porcher. Three new *freestanding bathtubs* offer aesthetics ranging from classic to minimalist. Modern features include soothing air massage and light therapy. The Tetsu Slim and Wide-Deck styles offer a simple Japanese look, while the Lutezia offers vintage style with contemporary flair. The Archive tub (shown) is inspired by sculptural designs of 1920s England. Each new tub has a coordinating bathroom suite. The freestanding designs are also available as drop-in tubs. 800.359.3261. www.porcher-us.com.

Delta. The maker's showering line has expanded with *universal design zero-threshold shower bases*. As a cost-effective and stylish accessibility solution, the acrylic bases feature high-density Styrofoam and PVC backing and can support walk-in or wheelchair use. The threshold is reinforced with aluminum and installs flush with the bathroom floor. An integrated trench drain can handle up to six gallons of water per minute, and a textured floor offers slip resistance. Choose from a 39-by-39-, or 63-by-39-inch models. 800.345.3358. www.deltafaucet.com.

Acryline Spa Baths.

The eponymous *Acryline bath* combines the maker's air massage technology with an elegant showering compartment. The artistically designed unit requires a footprint of 6 feet by 6 feet. Ideal for families and multigenerational homes, the Acryline's features accommodate children, parents, or grandparents. A step inside the bathing well and a built-in handrail provide safe, easy access to the bath and shower space. 800.794.4667. www.acrylinesystembaths.com.

MTI Whirlpools. Designed to complement modern or traditional decor, the *Elena bath* looks and feels like natural stone thanks to a solid surface mixture of approximately 60% organic material. At 66 inches long, 31 $\frac{3}{4}$ inches wide, and 21 $\frac{3}{4}$ inches deep, the standalone soaker tub is an ideal size for renovations. Available with a rolled or flat rim and in a range of matte or gloss finishes. 800.783.8827. www.mtiwhirlpools.com.
