

Immerse yourself in serenity

EVANESCENCE™ FROM BAINULTRA

FOR IMMEDIATE RELEASE: FEBRUARY 13, 2014

(Québec, Canada) For over 35 years, BainUltra has led the development of therapeutic baths, creating a full range of products that deliver unique user benefits. As the curtain goes up on its first collections for 2014, it's clear that BainUltra remains passionately committed to offering products that promote relaxation, health and well-being.

The Evanescence collection of freestanding baths is stunning in all regards, imbued with flowing, modern lines and finely finished surfaces. An Evanescence bath makes an elegant focal point for any bathroom. Evanescence is a neatly compact tub intended for single-bather use, but is large enough for two to comfortably enjoy its therapies together. The cleanly styled interior, devoid of any accessories, gives the bather comfort and freedom of movement, while the spacious design allows for full body immersion. The water's calming, transformative power will help you let go, ensuring total serenity.

Evanescence baths in the ThermoMasseur® category offer all the therapeutic benefits of hydro-thermo massage, including better body-mind relaxation, relief of back pain, and improved circulation. The addition of BainUltra's Geysair™ technology can help further enhance and prolong these benefits. Bathers who crave the therapeutic benefits of chromatherapy and thermotherapy can choose from Evanescence baths in the ThermoSens™ category, reconnecting with their vital energy thanks to the beneficial effects of color vibration and the bath's invitingly warmed surfaces.

Evanescence™ - your path to fulfillment

Evanescence baths are available in two shapes, a 66" x 34" x 28" rectangular or a 66" x 36" x 28" oval, each ideal for smaller bathrooms. The inner shell boasts a generous, sleekly designed space for bathers to comfortably recline. The backrests support the head and nape of the neck, providing uniform heat all along the spine. Designed using a process that gives them a seamless appearance, and thin concave walls and interior space was created to facilitate access to the bath. Freestanding Evanescence baths are made of 100% acrylic; designed to retain their exceptional quality throughout the product life cycle, they come with a 20 year warranty.

ABOUT BAINULTRA

BainUltra, a Canadian company, has spent more than three decades helping customers throughout North America improve their personal health. While they've pioneered the development of therapeutic air jet baths, their mission over the years has evolved. Today, they offer an integrated line of products that help consumers improve relaxation, health and well-being right in their own homes.

For more information on the new Evanescence bath collection, contact BainUltra, at 866-344-4515 or online at www.bainultra.com.
