

# case study

Forged 3 Cabinet Pulls  
Royal Caribbean International  
*Quantum of the Seas* and  
*Anthem of the Seas*

## DU VERRE THE HARDWARE CO.

### DU VERRE HARDWARE SETS SAIL ON ITS MAIDEN VOYAGE WITH ROYAL CARIBBEAN INTERNATIONAL.

Unique Forged 3 decorative hardware is the final detail for the interior design of staterooms.

(July 27, 2015) Du Verre Hardware is proud to announce that they were selected to provide decorative hardware for the premier staterooms on Royal Caribbean International's two newest cruise ships: *Quantum of the Seas* and *Anthem of the Seas*.

Du Verre's Forged 3 was selected for the staterooms thanks to its classic design, durability and finishes that complete the décor in rich hues of Oil Rubbed Bronze and Satin Nickel. The original cabinet hardware was designed by the great metal smith, Heinz Pfleger. Textured and retaining the qualities of the original forged pieces, this series is at home in the interior style of the luxury staterooms.

"Du Verre Hardware is honored to be part of this significant project," states Gina Lubin, founder of Du Verre. "Royal Caribbean wanted the best of the best – and the Forged 3 definitely holds its own in terms of sophistication and style."
