Gina Lubin has once again demonstrated the depth of her artistic talent with the creation of Rio, her newest collection for Du Verre Hardware. As the company's co-founder, CEO and Creative Director, Gina is known for her innovative designs and architectural inspiration. With Rio, Gina has achieved an exotic look that is distinctive in its sculptural appeal. Its simple elegance is enhanced by an interwoven pattern of random lines and arches that give each piece an interesting texture. With no two exactly alike, each knob and cabinet pull appear to be individually hand-crafted with subtle variations that add richness and depth. The Rio collection will bring interest and a sense of the unexpected when used to enhance cabinetry and fine furniture.

Available in seven different sizes, Rio hardware comes in three beautiful finishes: Antique Brass, Oil Rubbed Bronze and Satin Nickel.

---

Du Verre Hardware is a leader in quality and original design for contemporary cabinet hardware. With an outstanding roster of award winning designers, Du Verre Hardware collections are an indispensable resource for design loving consumers and professionals alike. Du Verre Hardware can be found in some of the most beautiful interiors being created today.

Du Verre Hardware is environmentally friendly. The cabinet hardware is made from recycled aluminum and is compatible with LEED objectives. All items are in stock for quick shipping. Du Verre ships around the world.

For more information about Rio or any of Du Verre Hardware's other collections please contact us at 1-888-388-3773 or [www.duverre.com](http://www.duverre.com).
