One-Piece Handlesets

Bold and Secure - Make a Dramatic First Impression with Statuesque Handlesets from Grandeur Hardware.

(Denver, CO) Forged from solid brass with a 1,000-ton press, the new One-Piece Handlesets adorn the finest properties. This stately hardware is the perfect scale to create a grand entrance, while the one-piece design provides extra security and durability.

For design flexibility, the new handlesets are offered in Grandeur's traditional S Grip, standard C Grip, F Grip and a unique square D Grip for a more contemporary look. The One-Piece Handlesets work with any Grandeur Hardware knob or lever. They are available in five exceptional finishes including Vintage Brass, Antique Pewter, Satin Nickel, Timeless Bronze and Lifetime Brass.

The handlesets feature a tubular mechanism that is carefully inspected by skilled professionals. Easily complete your entry set with the matching Grandeur Tall Plate and necessary mounting accessories. All of Grandeur Hardware's pre-mounted One-Piece Handlesets work well with modern, pre-drilled doors and a plastic template for easy installation.

From the moment you touch the handle you'll feel the weight and unrivaled quality of the brass. The handlesets are impressive, even in their packaging, with each piece carefully stowed in a high gloss 'piano black' box, which includes a microfiber polishing cloth for a beautiful presentation. This is an investment that will last a lifetime and bring years of effortless beauty and function to any entrance.

The One-Piece Handlesets are offered in the following collections:

ARC:

Waterfall edges and graceful curves at the top and bottom of the plate provide a classic, but dignified update to your exterior door hardware.

CARRÈ:

With clean, parallel lines, the Carrè One-Piece Handleset offers endless versatility for your exterior doors.

FIFTH AVENUE:

The simple, straight lines and tailored outer edges provide a custom look to your door, giving it a broad appeal for almost any home.
